Abstracts

Data storage management involves the monitoring of software and hardware assets, such as storage arrays, physical servers, and cloud storage services. Data storage management can involve resolving performance issues like potential bottlenecks and analyzing real-time storage capacity to help improve the end-user experience. With this information, admins can reallocate storage resources to fulfill business storage needs. The global data analysis, storage & management market is anticipated to increase by USD 20 billion till 2028 at an average annual growth of 11.7 percent as per the latest report by Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global data analysis, storage & management market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the data analysis, storage & management industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, application, end user, and region. The global market for data analysis, storage & management can be segmented by product: data analysis services, data analysis software, storage, management & cloud computing solution. Among these, the data analysis software segment was accounted for the highest revenue generator in 2021. Data analysis, storage & management market is further segmented by application: chromatography, flow cytometry, microscopy, next generation sequencing (NGS), spectroscopy. The NGS segment is estimated to account for the largest share of the global data analysis, storage & management market. Based on end user, the data analysis, storage & management market is

segmented into: academic institutions and government agencies, biotechnology and pharmaceutical companies, hospitals and clinics, research centers. On the basis of region, the data analysis, storage & management market also can be divided into: North America, Asia Pacific, Europe, Rest of the World (ROW).

By product:

data analysis services

data analysis software

storage, management & cloud computing solution

By application:

chromatography

flow cytometry

microscopy

next generation sequencing (NGS)

spectroscopy

By end user:

academic institutions and government agencies

biotechnology and pharmaceutical companies

hospitals and clinics

research centers

By region:

North America

Asia Pacific

Europe

Rest of the World (ROW)

The market research report covers the analysis of key stake holders of the global data analysis, storage & management market. Some of the leading players profiled in the report include Accenture plc, Advanced Micro Devices, Inc., Cisco Systems, Inc., Dell Technologies Inc., Hitachi, Ltd., IBM Corporation, Intel Corporation, Lenovo Group Limited, The Hewlett Packard Enterprise Company, among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global data analysis, storage & management market.

To classify and forecast the global data analysis, storage & management market based on product, application, end user, region.

To identify drivers and challenges for the global data analysis, storage & management market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global data analysis, storage & management market.

To identify and analyze the profile of leading players operating in the global data analysis, storage & management market.

Why Choose This Report

Gain a reliable outlook of the global data analysis, storage & management market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY PRODUCT

Data analysis services
Data analysis software
Storage, management & cloud computing solution

PART 6. MARKET BREAKDOWN BY APPLICATION

Chromatography
Flow cytometry
Microscopy
Next generation sequencing (NGS)
Spectroscopy

PART 7. MARKET BREAKDOWN BY END USER

Academic institutions and government agencies

Biotechnology and pharmaceutical companies
Hospitals and clinics
Research centers

PART 8. MARKET BREAKDOWN BY REGION

North America
Asia Pacific
Europe
Rest of the World (ROW)

PART 9. KEY COMPANIES

Accenture plc
Advanced Micro Devices, Inc.
Cisco Systems, Inc.
Dell Technologies Inc.
Hitachi, Ltd.
IBM Corporation
Intel Corporation
Lenovo Group Limited
The Hewlett Packard Enterprise Company
