Abstracts

A data center network is a computer network that connects computers, servers, storage devices, and other networking equipment that make up a data center. The purpose of a data center network is to enable efficient communication and data transfer between different devices within the data center. Data center networks are designed to be highly reliable, scalable, and flexible. The network architecture can vary depending on the size and complexity of the data center, as well as the specific needs of the applications and services running within it. The global data center network market is expected to increase by USD 12.1 billion, at a compound annual growth rate (CAGR) of 6.19% from 2023 to 2029, according to the latest edition of the Global Data Center Network Market Report.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global data center network market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, end user, and region. The global market for data center network can be segmented by product: ethernet switches, storage, networking, routers, others. The ethernet switches segment held the largest share of the global data center network market in 2022 and is anticipated to hold its share during the forecast period. Data center network market is further segmented by end user: financial, government, cloud, IT & telecom, other. Globally, the cloud segment made up the largest share of the data center network market. Based on region, the data center network market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. North America was the largest contributor to the global

data center network market in 2022.

Market Segmentation

By product: ethernet switches, storage, networking, routers, others

By end user: financial, government, cloud, IT & telecom, other

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report also provides a detailed analysis of several leading data center network market vendors that include Arista Networks Inc., Broadcom Inc., Cisco Systems Inc., Dell Technologies Inc., Extreme Networks, Inc., Fujitsu Limited, The Hewlett Packard Enterprise Company, Huawei Technologies Co., Ltd., Inventec Corporation, Juniper Networks, Inc., Lenovo Group Limited, Oracle Corporation, Super Micro Computer, Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global data center network market.

To classify and forecast the global data center network market based on product, end user, region.

To identify drivers and challenges for the global data center network market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global data center network market.

To identify and analyze the profile of leading players operating in the global data center network market.

Why Choose This Report

Gain a reliable outlook of the global data center network market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY PRODUCT

Ethernet switches
Storage
Networking
Routers
Others

PART 6. MARKET BREAKDOWN BY END USER

Financial
Government
Cloud
IT & telecom
Other

PART 7. MARKET BREAKDOWN BY REGION

North America

Europe

Asia-Pacific

MEA (Middle East and Africa)

Latin America

PART 8. KEY COMPANIES

Arista Networks Inc.

Broadcom Inc.

Cisco Systems Inc.

Dell Technologies Inc.

Extreme Networks, Inc.

Fujitsu Limited

The Hewlett Packard Enterprise Company

Huawei Technologies Co., Ltd.

Inventec Corporation

Juniper Networks, Inc.

Lenovo Group Limited

Oracle Corporation

Super Micro Computer, Inc.

DISCLAIMER

I would like to order

Product name: Global Data Center Network Market 2023-2029

Product link: <https://marketpublishers.com/r/G43A261559C6EN.html>

Price: US\$ 2,650.00 (Single User License / Electronic Delivery)
