Abstracts

An uninterruptible power supply (UPS) is a battery backup that supplies power to your system in order to provide enough time to properly power down your equipment when there is a failure in utility power. UPS for data centers provide protection and backup power for IT equipment. The global data center ups battery market was estimated at USD 1,107 million in 2021 and is expected to hit USD 1,643 million by 2028, registering a CAGR of 5.8% from 2022 to 2028 as per the latest report by Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global data center ups battery market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the data center ups battery industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the type, type of data center, industry vertical, and region. The global market for data center ups battery can be segmented by type: li-ion battery, lead acid battery. The lead acid battery segment was the largest contributor to the global data center ups battery market in 2021. Data center ups battery market is further segmented by type of data center: enterprise data center, hyperscale data center, colocation data center, edge data center. Based on industry vertical, the data center ups battery market is segmented into: IT & telecommunications, financial services, government, retail, others. On the basis of region, the data center ups battery market also can be divided into: Asia Pacific, Europe, North America, Rest of the World (RoW).

By type:

li-ion battery

lead acid battery

By type of data center:

enterprise data center

hyperscale data center

colocation data center

edge data center

By industry vertical:

IT & telecommunications

financial services

government

retail

others

By region:

Asia Pacific

Europe

North America

Rest of the World (RoW)

The report also provides analysis of the key companies of the industry and their detailed company profiles including Amara Raja Batteries Limited (ARBL), BAE Batterien GmbH, C&D Technologies, Inc., East Penn Manufacturing Co., Inc., EnerSys Inc., Exide Technologies, LLC, GS Yuasa Corporation, HOPPECKE Batterien GmbH & Co. KG, Samsung SDI Co., Ltd., Zhejiang Narada Power Source Co., Ltd., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global data center ups battery market.

To classify and forecast the global data center ups battery market based on type, type of data center, industry vertical, region.

To identify drivers and challenges for the global data center ups battery market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global data center ups battery market.

To identify and analyze the profile of leading players operating in the global data center ups battery market.

Why Choose This Report

Gain a reliable outlook of the global data center ups battery market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY TYPE

Li-ion battery
Lead acid battery

PART 6. MARKET BREAKDOWN BY TYPE OF DATA CENTER

Enterprise data center
Hyperscale data center
Colocation data center
Edge data center

PART 7. MARKET BREAKDOWN BY INDUSTRY VERTICAL

IT & telecommunications
Financial services
Government

Retail
Others

PART 8. MARKET BREAKDOWN BY REGION

Asia Pacific
Europe
North America
Rest of the World (RoW)

PART 9. KEY COMPANIES

Amara Raja Batteries Limited (ARBL)
BAE Batterien GmbH
C&D Technologies, Inc.
East Penn Manufacturing Co., Inc.
EnerSys Inc.
Exide Technologies, LLC
GS Yuasa Corporation
HOPPECKE Batterien GmbH & Co. KG
Samsung SDI Co., Ltd.
Zhejiang Narada Power Source Co., Ltd.
