Date: March 2023

Pages: 62

Price: US\$ 2,550.00 (Single User License)

ID: G97CCC167159EN

Abstracts

A document scanner is an electronic device that is used to convert paper documents into digital files. The scanner captures the image of the document and converts it into a digital format, which can then be saved to a computer or other storage device. They can be used to scan a variety of documents, including receipts, contracts, invoices, and multi-page documents. Some document scanners also have features such as automatic document feeders, duplex scanning, and optical character recognition (OCR), which can recognize and convert text on the scanned documents into editable text files. Document scanners are commonly used in offices, businesses, and homes for electronic record keeping, archiving, and sharing of documents. According to the latest data, the market size of the global document scanner sector is expected to rise by USD 2.8 billion with a CAGR of 6.73% by the end of 2029.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global document scanner market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the application, and region. The global market for document scanner can be segmented by application: government, financial, IT and telecom, education, others. According to the research, the financial segment had the largest share in the global document scanner market. Document scanner market is further segmented by region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. In 2022, Asia-Pacific made up the largest share of revenue generated by the document scanner market.

Market Segmentation

By application: government, financial, IT and telecom, education, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report explores the recent developments and profiles of key vendors in the Global Document Scanner Market, including HP Inc., Canon Inc., Seiko Epson Corporation, Brother Industries Ltd., Xerox Corporation, Plustek Corp., Fujitsu Ltd., Mustek Systems Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global document scanner market.

To classify and forecast the global document scanner market based on application, region.

To identify drivers and challenges for the global document scanner market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global document scanner market.

To identify and analyze the profile of leading players operating in the global document scanner market.

Why Choose This Report

Gain a reliable outlook of the global document scanner market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY APPLICATION

Government
Financial
IT and telecom
Education
Others

PART 6. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 7. KEY COMPANIES

HP Inc.
Canon Inc.
Seiko Epson Corporation
Brother Industries Ltd.
Xerox Corporation
Plustek Corp.
Fujitsu Ltd.
Mustek Systems Inc.
