Abstracts

The global edta tubes market is anticipated to increase by USD 1.2 billion till 2028 at an average annual growth of 7.3 percent as per the latest report by Gen Consulting Company.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global edta tubes market. It traces the market's historic and forecast market growth. The report identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches. This study also provides an analysis of the impact of the COVID-19 crisis on the edta tubes industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the tube, type, application, service, and region. The global market for edta tubes can be segmented by tube: gel & clot activator tube, heparin tube, EDTA tube, glucose tube, serum separating tube, ERS tube. The serum separating tube segment held the largest share of the global edta tubes market in 2021 and is anticipated to hold its share during the forecast period. Edta tubes market is further segmented by type: PET (polyethylene terephthalate), polypropylene, tempered glass, others. Globally, the PET (polyethylene terephthalate) segment made up the largest share of the edta tubes market. Based on application, the edta tubes market is segmented into: blood routine examination, biochemical test, coagulation testing, blood segmentation testing, others. The blood routine examination segment was the largest contributor to the global edta tubes market in 2021. On the basis of service, the edta tubes market also can be divided into: hospital and clinic, ambulatory care, pathology lab, blood bank, outpatient center. The pathology lab segment is estimated to account for the largest share of the global edta tubes market. Edta tubes market by region is categorized into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America.

Market Segmentation

By tube: gel & clot activator tube, heparin tube, EDTA tube, glucose tube, serum separating tube, ERS tube

By type: PET (polyethylene terephthalate), polypropylene, tempered glass, others

By application: blood routine examination, biochemical test, coagulation testing, blood segmentation testing, others

By service: hospital and clinic, ambulatory care, pathology lab, blood bank, outpatient center

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report also provides a detailed analysis of several leading edta tubes market vendors that include Becton, Dickinson and Company, ELITech Group SAS, GPC Medical Ltd., Streck, Inc., Vitrex Medical A/S, among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global edta tubes market.

To classify and forecast the global edta tubes market based on tube, type, application, service, region.

To identify drivers and challenges for the global edta tubes market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global edta tubes

market.

To identify and analyze the profile of leading players operating in the global edta tubes market.

Why Choose This Report

Gain a reliable outlook of the global edta tubes market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY TUBE

Gel & clot activator tube
Heparin tube
EDTA tube
Glucose tube
Serum separating tube
ERS tube

PART 6. MARKET BREAKDOWN BY TYPE

PET (polyethylene terephthalate)
Polypropylene
Tempered glass
Others

PART 7. MARKET BREAKDOWN BY APPLICATION

Blood routine examination
Biochemical test
Coagulation testing
Blood segmentation testing
Others

PART 8. MARKET BREAKDOWN BY SERVICE

Hospital and clinic
Ambulatory care
Pathology lab
Blood bank
Outpatient center

PART 9. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 10. KEY COMPANIES

Becton, Dickinson and Company
ELITech Group SAS
GPC Medical Ltd.
Streck, Inc.
Vitrex Medical A/S
