Abstracts

Emergency medical software tracks time, patient records, billing, and vehicle management for public and private emergency medical departments. The software helps medical professionals reduce costs and stay compliant with local, state, and federal mandates. According to market research study published by Gen Consulting Company, the global emergency medical software market stood at around USD 934 million in 2021 and is projected to rise to a worth of USD 1,729 million by 2028 end, thereby garnering a CAGR of 9.2% during 2022-2028.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global emergency medical software market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the emergency medical software industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, delivery mode, end user, and region. The global market for emergency medical software can be segmented by product: ambulance management software, early warning and vulnerability alert system (EWWAS), EMS computer aided dispatch (CAD) system, incident response software, others. Emergency medical software market is further segmented by delivery mode: on premises, software as a service (SaaS). Based on end user, the emergency medical software market is segmented into: commercial, governments, others. On the basis of region, the emergency medical software market also can be divided into: Asia Pacific, Europe, North America, Rest of the World (RoW).

By product:

ambulance management software

early warning and vulnerability alert system (EWWAS)

EMS computer aided dispatch (CAD) system

incident response software

others

By delivery mode:

on premises

software as a service (SaaS)

By end user:

commercial

governments

others

By region:

Asia Pacific

Europe

North America

Rest of the World (RoW)

The report has also analysed the competitive landscape of the global emergency

medical software market with some of the key players being AngelTrack LLC, CentralSquare Technologies, Cerner Corporation, EMIS Group Plc, GE Healthcare, MEDHOST, Quark Software Inc., Sun Ridge Systems, Inc., Trapeze Software Inc., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global emergency medical software market.

To classify and forecast the global emergency medical software market based on product, delivery mode, end user, region.

To identify drivers and challenges for the global emergency medical software market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global emergency medical software market.

To identify and analyze the profile of leading players operating in the global emergency medical software market.

Why Choose This Report

Gain a reliable outlook of the global emergency medical software market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY PRODUCT

Ambulance management software
Early warning and vulnerability alert system (EWVAS)
EMS computer aided dispatch (CAD) system
Incident response software
Others

PART 6. MARKET BREAKDOWN BY DELIVERY MODE

On premises
Software as a service (SaaS)

PART 7. MARKET BREAKDOWN BY END USER

Commercial
Governments

Others

PART 8. MARKET BREAKDOWN BY REGION

Asia Pacific

Europe

North America

Rest of the World (RoW)

PART 9. KEY COMPANIES

AngelTrack LLC

CentralSquare Technologies

Cerner Corporation

EMIS Group Plc

GE Healthcare

MEDHOST

Quark Software Inc.

Sun Ridge Systems, Inc.

Trapeze Software Inc.
