Abstracts

Energy as a Service (EaaS) is a business model that provides energy solutions to businesses and consumers on a subscription basis. This model enables customers to access the energy they need without having to incur significant upfront costs or invest in expensive infrastructure. EaaS providers offer a range of services, including energy generation, storage, and monitoring, as well as energy-efficient technologies, such as LED lighting and smart thermostats. According to the latest data, the market size of the global EaaS sector is expected to rise by USD 54.0 billion with a CAGR of 9.92% by the end of 2029.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global EaaS market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the services, application, and region. The global market for EaaS can be segmented by services: supply services, demand services, energy optimization services. The supply services segment was the largest contributor to the global EaaS market in 2022. EaaS market is further segmented by application: industrial, commercial, others. According to the research, the commercial segment had the largest share in the global EaaS market. Based on region, the EaaS market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. Europe held the largest revenue share in 2022.

Market Segmentation

By services: supply services, demand services, energy optimization services

By application: industrial, commercial, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report explores the recent developments and profiles of key vendors in the Global Energy as a Service Market, including Centrica plc, EDF Energy Ltd., Enel SpA, Engie SA, General Electric Company, Honeywell International Inc., Johnson Controls, Inc., NORESKO, LLC, Orsted A/S, Schneider Electric SE, Siemens Energy AG, Wendel SE, among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global EaaS market.

To classify and forecast the global EaaS market based on services, application, region.

To identify drivers and challenges for the global EaaS market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global EaaS market.

To identify and analyze the profile of leading players operating in the global EaaS market.

Why Choose This Report

Gain a reliable outlook of the global EaaS market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY SERVICES

Supply services
Demand services
Energy optimization services

PART 6. MARKET BREAKDOWN BY APPLICATION

Industrial
Commercial
Others

PART 7. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)

Latin America

PART 8. KEY COMPANIES

Centrica plc
EDF Energy Ltd.
Enel SpA
Engie SA
General Electric Company
Honeywell International Inc.
Johnson Controls, Inc.
NORESCO, LLC
Orsted A/S
Schneider Electric SE
Siemens Energy AG
Wendel SE
