Abstracts

Epoxy adhesives are one of the most versatile family of structural adhesives. They are created by polymerizing a mixture of two starting compounds, the resin and the hardener. Epoxy adhesives bond well to many substrates and can be easily modified to achieve a wide range of properties. They provide high shear strength on a wide variety of substrates including plastics, metals, wood, ceramics and glass. The market for epoxy adhesives worldwide is expected to reach USD 10,086 million by 2028, recording a CAGR of 6.4% over the forecast period as per the latest report by Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global epoxy adhesives market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the epoxy adhesives industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the technology, application, distribution channel, and region. The global market for epoxy adhesives can be segmented by technology: one component, two component. Epoxy adhesives market is further segmented by application: aerospace, automotive & transportation, building & construction, electrical & electronics, power & energy, others. Based on distribution channel, the epoxy adhesives market is segmented into: online, offline. On the basis of region, the epoxy adhesives market also can be divided into: North America, Asia Pacific, Europe, Rest of the World (ROW).

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global epoxy adhesives market.

To classify and forecast the global epoxy adhesives market based on technology, application, distribution channel, region.

To identify drivers and challenges for the global epoxy adhesives market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global epoxy adhesives market.

To identify and analyze the profile of leading players operating in the global epoxy adhesives market.

Why Choose This Report

Gain a reliable outlook of the global epoxy adhesives market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.
