## Abstracts

Garnering a CAGR of 5.8% from 2022 to 2028, the global erosion and sediment control market is projected to reach worth of USD 6,443 million by 2028-end, according to a new report by Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global erosion and sediment control market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the erosion and sediment control industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the technology, application, and region. The global market for erosion and sediment control can be segmented by technology: blown straw, degradable geotextiles, erosion control blankets, hydromulch, hydroseed, jute, low-impact development technologies, wattles and filter socks. The low-impact development technologies segment held the largest share of the global erosion and sediment control market in 2021 and is anticipated to hold its share during the forecast period. Erosion and sediment control market is further segmented by application: commercial building construction, drainage stabilization, ecological restoration, industrial facilities construction, mining, pipeline construction, residential development and construction, road construction. Globally, the road construction segment made up the largest share of the erosion and sediment control market. Based on region, the erosion and sediment control market is segmented into: Asia Pacific, Europe, North America, Rest of the World (RoW). North America was the largest contributor to the global erosion and sediment control market in 2021.

By technology:

blown straw

degradable geotextiles

erosion control blankets

hydromulch

hydroseed

jute

low-impact development technologies

wattles and filter socks

By application:

commercial building construction

drainage stabilization

ecological restoration

industrial facilities construction

mining

pipeline construction

residential development and construction

road construction

By region:

Asia Pacific

Europe

North America

Rest of the World (RoW)

The report also provides a detailed analysis of several leading erosion and sediment control market vendors that include 3M Company, BASF SE, Compagnie de Saint-Gobain S.A., FINN Corporation, Layfield Group Limited, Nicolon Corporation, Schweitzer-Mauduit International, Inc., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global erosion and sediment control market.

To classify and forecast the global erosion and sediment control market based on technology, application, region.

To identify drivers and challenges for the global erosion and sediment control market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global erosion and sediment control market.

To identify and analyze the profile of leading players operating in the global

erosion and sediment control market.

### Why Choose This Report

Gain a reliable outlook of the global erosion and sediment control market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

## Contents

### **PART 1. INTRODUCTION**

Report description  
Objectives of the study  
Market segment  
Years considered for the report  
Currency  
Key target audience

### **PART 2. METHODOLOGY**

### **PART 3. EXECUTIVE SUMMARY**

### **PART 4. MARKET OVERVIEW**

Introduction  
Drivers  
Restraints  
Impact of COVID-19 pandemic

### **PART 5. MARKET BREAKDOWN BY TECHNOLOGY**

Blown straw  
Degradable geotextiles  
Erosion control blankets  
Hydromulch  
Hydroseed  
Jute  
Low-impact development technologies  
Wattles and filter socks

### **PART 6. MARKET BREAKDOWN BY APPLICATION**

Commercial building construction  
Drainage stabilization  
Ecological restoration  
Industrial facilities construction

Mining  
Pipeline construction  
Residential development and construction  
Road construction

## **PART 7. MARKET BREAKDOWN BY REGION**

Asia Pacific  
Europe  
North America  
Rest of the World (RoW)

## **PART 8. KEY COMPANIES**

3M Company  
BASF SE  
Compagnie de Saint-Gobain S.A.  
FINN Corporation  
Layfield Group Limited  
Nicolon Corporation  
Schweitzer-Mauduit International, Inc.
