Abstracts

Explosion proof equipment refers to an electrical device that is constructed so as to prevent release of vapor-igniting sparks, and which may be installed in an area where the device might be surrounded by ignitable vapors. According to Gen Consulting Company, the global explosion proof equipment market is projected to reach USD 10,691 million, recording a CAGR of approximately 5.9 percent from 2022 to 2028.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global explosion proof equipment market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the explosion proof equipment industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the protection method, system, end user, and region. The global market for explosion proof equipment can be segmented by protection method: explosion prevention, explosion containment, explosion segregation. Globally, the explosion prevention segment made up the largest share of the explosion proof equipment market. Explosion proof equipment market is further segmented by system: automation system, cable glands, HVAC systems, junction boxes and enclosures, lighting system, signaling devices, surveillance and monitoring system, others. Based on end user, the explosion proof equipment market is segmented into: chemical and petrochemical, energy and power, food processing, manufacturing, mining, oil & gas, pharmaceuticals, others. On the basis of region, the explosion proof equipment market also can be divided into: Asia Pacific, Europe, North America, Rest of the World (RoW).

By protection method:

explosion prevention

explosion containment

explosion segregation

By system:

automation system

cable glands

HVAC systems

junction boxes and enclosures

lighting system

signaling devices

surveillance and monitoring system

others

By end user:

chemical and petrochemical

energy and power

food processing

manufacturing

mining

oil & gas

pharmaceuticals

others

By region:

Asia Pacific

Europe

North America

Rest of the World (RoW)

The global explosion proof equipment market report offers detailed information on several market vendors, including ABB Limited, Adalet/Scott Fetzer Company, Bartec GmbH, Eaton Corporation plc, Extronics Ltd, Intertek Group plc, Pepperl+Fuchs SE, R. STAHL AG, Rockwell Automation, Inc., Siemens AG, among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global explosion proof equipment market.

To classify and forecast the global explosion proof equipment market based on protection method, system, end user, region.

To identify drivers and challenges for the global explosion proof equipment market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global explosion proof equipment market.

To identify and analyze the profile of leading players operating in the global explosion proof equipment market.

Why Choose This Report

Gain a reliable outlook of the global explosion proof equipment market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY PROTECTION METHOD

Explosion prevention
Explosion containment
Explosion segregation

PART 6. MARKET BREAKDOWN BY SYSTEM

Automation system
Cable glands
HVAC systems
Junction boxes and enclosures
Lighting system
Signaling devices
Surveillance and monitoring system
Others

PART 7. MARKET BREAKDOWN BY END USER

Chemical and petrochemical
Energy and power
Food processing
Manufacturing
Mining
Oil & gas
Pharmaceuticals
Others

PART 8. MARKET BREAKDOWN BY REGION

Asia Pacific
Europe
North America
Rest of the World (RoW)

PART 9. KEY COMPANIES

ABB Limited
Adalet/Scott Fetzer Company
Bartec GmbH
Eaton Corporation plc
Extronics Ltd
Intertek Group plc
Pepperl+Fuchs SE
R. STAHL AG
Rockwell Automation, Inc.
Siemens AG
