Abstracts

Fertilizer additives are substances that are added to fertilizers to improve their performance or provide additional benefits to crops. These additives can be organic or synthetic and can be added during the manufacturing process or applied separately to the fertilizer before or during application. According to the latest data, the market size of the global fertilizer additives sector is expected to rise by USD 0.8 billion with a CAGR of 3.39% by the end of 2029.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global fertilizer additives market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the function, and region. The global market for fertilizer additives can be segmented by function: corrosion inhibitors, hydrophobic agents, anti-dustings agents, anti-caking agents, slow-release agents, others. The anti-caking agents segment is estimated to account for the largest share of the global fertilizer additives market. Fertilizer additives market is further segmented by region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. Asia-Pacific held the largest revenue share in 2022.

The corrosion inhibitors market is further segmented into urea ammonium nitrate, ammonium nitrate, others. The urea ammonium nitrate segment held the largest share of the global fertilizer additives market in 2022 and is anticipated to hold its share during the forecast period. Furthermore, the hydrophobic agents market has been categorized into calcium ammonium nitrate, ammonium nitrate, ammonium sulfate, calcium nitrate,

others. In 2022, the calcium ammonium nitrate segment made up the largest share of revenue generated by the fertilizer additives market. The anti-dustings agents market is further divided into NPK, ammonium sulfate, others. Among these, the NPK segment was accounted for the highest revenue generator in 2022. The anti-caking agents market is further segmented into urea, ammonium nitrate, calcium ammonium nitrate, NPK, others. The urea segment held the largest share of the global fertilizer additives market in 2022 and is anticipated to hold its share during the forecast period. Furthermore, the slow-release agents market has been categorized into urea, ammonium nitrate, ammonium phosphate, others. In 2022, the urea segment made up the largest share of revenue generated by the fertilizer additives market.

Market Segmentation

By function: corrosion inhibitors, hydrophobic agents, anti-dustings agents, anti-caking agents, slow-release agents, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report has also analysed the competitive landscape of the global fertilizer additives market with some of the key players being ArrMaz Products Inc., Clariant AG, Hubei Forbon Technology Co., Ltd., KAO Corporation, Michelman, Inc., Solvay SA, among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global fertilizer additives market.

To classify and forecast the global fertilizer additives market based on function, region.

To identify drivers and challenges for the global fertilizer additives market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global fertilizer additives market.

To identify and analyze the profile of leading players operating in the global fertilizer additives market.

Why Choose This Report

Gain a reliable outlook of the global fertilizer additives market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.
Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY FUNCTION

Corrosion inhibitors
Hydrophobic agents
Anti-dustings agents
Anti-caking agents
Slow-release agents
Others

PART 6. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 7. KEY COMPANIES

ArrMaz Products Inc.
Clariant AG
Hubei Forbon Technology Co., Ltd.
KAO Corporation
Michelman, Inc.
Solvay SA

DISCLAIMER

I would like to order

Product name: Global Fertilizer Additives Market 2023-2029

Product link: <https://marketpublishers.com/r/GBA24D246C34EN.html>

Price: US\$ 2,950.00 (Single User License / Electronic Delivery)
