Abstracts

The global geospatial analytics market is anticipated to increase by USD 91 billion till 2028 at an average annual growth of 14.4 percent as per the latest report by Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global geospatial analytics market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the geospatial analytics industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the type, component type, application, end user, and region. The global market for geospatial analytics can be segmented by type: surface and field analytics, geovisualization, network and location analytics. In 2021, the surface and field analytics segment made up the largest share of revenue generated by the geospatial analytics market. Geospatial analytics market is further segmented by component type: software and solutions, services. The software and solutions segment was the largest contributor to the global geospatial analytics market in 2021. Based on application, the geospatial analytics market is segmented into: climate change adaptation, disaster risk reduction and management, medicine and public safety, surveying, others. The surveying segment is estimated to account for the largest share of the global geospatial analytics market. On the basis of end user, the geospatial analytics market also can be divided into: construction and manufacturing, defense and internal security, energy and utilities, government, natural resources, transportation, others. The government segment held the largest share of the global geospatial analytics market in 2021 and is anticipated to hold its share during the forecast period. Geospatial analytics market by region is categorized into: North America, Asia Pacific, Europe, Rest of the World (ROW).

By type:

surface and field analytics

geovisualization

network and location analytics

By component type:

software and solutions

services

By application:

climate change adaptation

disaster risk reduction and management

medicine and public safety

surveying

others

By end user:

construction and manufacturing

defense and internal security

energy and utilities

government

natural resources

transportation

others

By region:

North America

Asia Pacific

Europe

Rest of the World (ROW)

The report also provides analysis of the key companies of the industry and their detailed company profiles including Alphabet Inc., Alteryx Inc., Autodesk Inc., Bentley Systems Incorporated, ESRI Inc., Fugro N.V., General Electric Co. (GE), HERE Global B.V., Hexagon AB, INRIX Inc., L3Harris Technologies Inc., Maxar Technologies Inc., Microsoft Corporation, Oracle Corporation, Pitney Bowes Inc., Planet Labs Inc., PrecisionHawk Inc., SAP SE, TomTom N.V., Trimble Inc., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global geospatial analytics market.

To classify and forecast the global geospatial analytics market based on type,

component type, application, end user, region.

To identify drivers and challenges for the global geospatial analytics market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global geospatial analytics market.

To identify and analyze the profile of leading players operating in the global geospatial analytics market.

Why Choose This Report

Gain a reliable outlook of the global geospatial analytics market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description

Objectives of the study

Market segment

Years considered for the report

Currency

Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction

Drivers

Restraints

Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY TYPE

Surface and field analytics

Geovisualization

Network and location analytics

PART 6. MARKET BREAKDOWN BY COMPONENT TYPE

Software and solutions

Services

PART 7. MARKET BREAKDOWN BY APPLICATION

Climate change adaptation

Disaster risk reduction and management

Medicine and public safety

Surveying

Others

PART 8. MARKET BREAKDOWN BY END USER

Construction and manufacturing

Defense and internal security

Energy and utilities

Government

Natural resources

Transportation

Others

PART 9. MARKET BREAKDOWN BY REGION

North America

Asia Pacific

Europe

Rest of the World (ROW)

PART 10. KEY COMPANIES

Alphabet Inc.

Alteryx Inc.

Autodesk Inc.

Bentley Systems Incorporated

ESRI Inc.

Fugro N.V.

General Electric Co. (GE)

HERE Global B.V.

Hexagon AB

INRIX Inc.

L3Harris Technologies Inc.

Maxar Technologies Inc.

Microsoft Corporation

Oracle Corporation

Pitney Bowes Inc.

Planet Labs Inc.

PrecisionHawk Inc.

SAP SE

TomTom N.V.

Trimble Inc.
