

# Global Ground Vehicle Processor Market 2023-2029

<https://marketpublishers.com/r/G4DC4848E2CBEN.html>

Date: March 2023

Pages: 60

Price: US\$ 2,550.00 (Single User License)

ID: G4DC4848E2CBEN

## Abstracts

According to the latest data, the market size of the global ground vehicle processor sector is expected to rise by USD 1.2 billion with a CAGR of 5.7% by the end of 2029.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global ground vehicle processor market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the type of processors, type of vehicle, end user, and region. The global market for ground vehicle processor can be segmented by type of processors: single core processor, multi-core processor. Globally, the multi-core segment made up the largest share of the ground vehicle processor market. Ground vehicle processor market is further segmented by type of vehicle: armoured fighting vehicle (AFV), tanks, unmanned ground vehicles (UGV), others. The tanks segment captured the largest share of the market in 2022. Based on end user, the ground vehicle processor market is segmented into: law enforcement, military, others. According to the research, the military segment had the largest share in the global ground vehicle processor market. On the basis of region, the ground vehicle processor market also can be divided into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. North America held the largest revenue share in 2022.

The armored fighting vehicle (AFV) market is further segmented into armored personnel carrier (APC), infantry fighting vehicles (IFV). The IFV segment was the largest contributor to the global ground vehicle processor market in 2022.

## Market Segmentation

By type of processors: single core processor, multi-core processor

By type of vehicle: armoured fighting vehicle (AFV), tanks, unmanned ground vehicles (UGV), others

By end user: law enforcement, military, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The global ground vehicle processor market report offers detailed information on several market vendors, including Advanced Micro Devices, Inc., ARM Ltd., Intel Corporation, NXP Semiconductors N.V., Qualcomm Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

## Scope of the Report

To analyze and forecast the market size of the global ground vehicle processor market.

To classify and forecast the global ground vehicle processor market based on type of processors, type of vehicle, end user, region.

To identify drivers and challenges for the global ground vehicle processor market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global ground vehicle processor market.

To identify and analyze the profile of leading players operating in the global ground vehicle processor market.

## Why Choose This Report

Gain a reliable outlook of the global ground vehicle processor market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

## Contents

### **PART 1. INTRODUCTION**

Report description  
Objectives of the study  
Market segment  
Years considered for the report  
Currency  
Key target audience

### **PART 2. METHODOLOGY**

### **PART 3. EXECUTIVE SUMMARY**

### **PART 4. MARKET OVERVIEW**

Introduction  
Drivers  
Restraints

### **PART 5. MARKET BREAKDOWN BY TYPE OF PROCESSORS**

Single core processor  
Multi-core processor

### **PART 6. MARKET BREAKDOWN BY TYPE OF VEHICLE**

Armoured fighting vehicle (AFV)  
Tanks  
Unmanned ground vehicles (UGV)  
Others

### **PART 7. MARKET BREAKDOWN BY END USER**

Law enforcement  
Military  
Others

## **PART 8. MARKET BREAKDOWN BY REGION**

North America

Europe

Asia-Pacific

MEA (Middle East and Africa)

Latin America

## **PART 9. KEY COMPANIES**

Advanced Micro Devices, Inc.

ARM Ltd.

Intel Corporation

NXP Semiconductors N.V.

Qualcomm Inc.

**DISCLAIMER**

## I would like to order

Product name: Global Ground Vehicle Processor Market 2023-2029

Product link: <https://marketpublishers.com/r/G4DC4848E2CBEN.html>

Price: US\$ 2,550.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:

[info@marketpublishers.com](mailto:info@marketpublishers.com)

## Payment

To pay by Credit Card (Visa, MasterCard, American Express, PayPal), please, click button on product page <https://marketpublishers.com/r/G4DC4848E2CBEN.html>

To pay by Wire Transfer, please, fill in your contact details in the form below:

First name:  
Last name:  
Email:  
Company:  
Address:  
City:  
Zip code:
