Abstracts

An intrathecal pump, also known as a pain pump, is a surgically implanted device that delivers medication directly to the fluid surrounding the spinal cord. Medicine delivered in this way can interrupt irregular signals traveling through the nerves and spinal column to the brain. The global intrathecal pumps market is anticipated to increase by USD 135.4 million till 2029 at an average annual growth of 5.1 percent as per the latest report by Gen Consulting Company.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global intrathecal pumps market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, type, application, and region. The global market for intrathecal pumps can be segmented by product: constant rate pumps, programmable pumps. The constant rate pumps segment held the largest share of the global intrathecal pumps market in 2022 and is anticipated to hold its share during the forecast period. Intrathecal pumps market is further segmented by type: baclofen, bupivacaine, clonidine, morphine, ziconotide, others. Globally, the ziconotide segment made up the largest share of the intrathecal pumps market. Based on application, the intrathecal pumps market is segmented into: pain, spasticity management, others. The pain segment was the largest contributor to the global intrathecal pumps market in 2022. On the basis of region, the intrathecal pumps market also can be divided into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. North America is estimated to account for the largest share of the global intrathecal pumps market.

Market Segmentation

By product: constant rate pumps, programmable pumps

By type: baclofen, bupivacaine, clonidine, morphine, ziconotide, others

By application: pain, spasticity management, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report also provides a detailed analysis of several leading intrathecal pumps market vendors that include Flowonix Medical, Inc., Johnson & Johnson (Codman & Shurtleff, Inc.), Medtronic plc, Teleflex Incorporated (Arrow International, Inc.), Tricumed Medizintechnik GmbH, among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global intrathecal pumps market.

To classify and forecast the global intrathecal pumps market based on product, type, application, region.

To identify drivers and challenges for the global intrathecal pumps market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global intrathecal pumps market.

To identify and analyze the profile of leading players operating in the global intrathecal pumps market.

Why Choose This Report

Gain a reliable outlook of the global intrathecal pumps market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY PRODUCT

Constant rate pumps
Programmable pumps

PART 6. MARKET BREAKDOWN BY TYPE

Baclofen
Bupivacaine
Clonidine
Morphine
Ziconotide
Others

PART 7. MARKET BREAKDOWN BY APPLICATION

Pain
Spasticity management

Others

PART 8. MARKET BREAKDOWN BY REGION

North America

Europe

Asia-Pacific

MEA (Middle East and Africa)

Latin America

PART 9. KEY COMPANIES

Flowonix Medical, Inc.

Johnson & Johnson (Codman & Shurtleff, Inc.)

Medtronic plc

Teleflex Incorporated (Arrow International, Inc.)

Tricumed Medizintechnik GmbH
