Abstracts

In 2021, the global live cell imaging market stood at USD 1,779 million. Recording a CAGR of 6.9% from 2022 to 2028, the worth is projected to reach ~USD 2,844 million by 2028, according to a new report by Gen Consulting Company.

This industry report offers market estimates of the global market, followed by a detailed analysis of the component, application, and region. The global market data on live cell imaging can be segmented by component: equipment, consumables, software and services. The equipment segment held the largest share of the global live cell imaging market in 2021 and is anticipated to hold its share during the forecast period. Live cell imaging market is further segmented by application: cell biology, developmental biology, stem cell biology, drug discovery, others. Globally, the cell biology segment made up the largest share of the live cell imaging market. Based on region, the live cell imaging market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. North America was the largest contributor to the global live cell imaging market in 2021.

The global live cell imaging market is highly competitive. The competitive landscape of the industry has also been examined along with the profiles of the key players Becton Dickinson and Company, Carl Zeiss AG, Danaher Corporation, Merck KGaA, Nikon Instruments Inc., Olympus Corporation, PerkinElmer Inc., Thermo Fisher Scientific Inc.

The data-centric report focuses on market trends, status and outlook for segments. With comprehensive market assessment across the major geographies, the report is a valuable asset for the existing players, new entrants and the future investors.

Why buy this report?

Get a detailed picture of the Global Live Cell Imaging Market

Identify segments/areas to invest in over the forecast period in the Global Live Cell Imaging Market

Understand the competitive environment, the market's leading players

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. SUMMARY

PART 2. INTRODUCTION

Study period
Geographical scope
Market segmentation

PART 3. LIVE CELL IMAGING MARKET OVERVIEW

PART 4. MARKET BREAKDOWN BY COMPONENT

Equipment
Consumables
Software and services

PART 5. MARKET BREAKDOWN BY APPLICATION

Cell biology
Developmental biology
Stem cell biology
Drug discovery
Others

PART 6. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 7. KEY COMPANIES

Becton Dickinson and Company
Carl Zeiss AG
Danaher Corporation

Merck KGaA
Nikon Instruments Inc.
Olympus Corporation
PerkinElmer Inc.
Thermo Fisher Scientific Inc.

PART 8. METHODOLOGY

I would like to order

Product name: Global Live Cell Imaging Market 2022 - Industry Briefing

Product link: <https://marketpublishers.com/r/GDA3B98DE0F8EN.html>

Price: US\$ 600.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:
