Abstracts

Livestock monitoring, also known as livestock management or precision livestock farming, uses IoT-enabled devices to track and monitor the health of livestock, most commonly cattle. Projected to expand at a CAGR of 12.4% from 2022 to 2028, the global livestock monitoring market will worth USD 7,382 million by 2028-end, according to Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global livestock monitoring market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the livestock monitoring industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the components, animal type, application, and region. The global market for livestock monitoring can be segmented by components: hardware, software, services. Livestock monitoring market is further segmented by animal type: cattle, poultry, swine, sheep & goat, others. Based on application, the livestock monitoring market is segmented into: milk harvesting, animal health monitoring & comfort, behavior monitoring, feeding management, heat stress & fertility monitoring, others. In 2021, the milk harvesting segment made up the largest share of revenue generated by the livestock monitoring market. On the basis of region, the livestock monitoring market also can be divided into: North America, Asia Pacific, Europe, Rest of the World (ROW).

By components:

    hardware

software

services

By animal type:

cattle

poultry

swine

sheep & goat

others

By application:

milk harvesting

animal health monitoring & comfort

behavior monitoring

feeding management

heat stress & fertility monitoring

others

By region:

North America

Asia Pacific

Europe

Rest of the World (ROW)

The report also provides a detailed analysis of several leading livestock monitoring market vendors that include Afimilk Ltd., Dairymaster (UK) Limited, DeLaval Holding AB, Fancom BV, Fullwood Ltd., GEA Group AG, Lely International N.V., Madison One Holdings LLC (Boumatic), Merck & Co., Inc., Nedap N.V., Phonetics, Inc., Sum-It Computer Systems Ltd., Tetra Laval International SA, Valley Agricultural Software (VAS), among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global livestock monitoring market.

To classify and forecast the global livestock monitoring market based on components, animal type, application, region.

To identify drivers and challenges for the global livestock monitoring market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global livestock monitoring market.

To identify and analyze the profile of leading players operating in the global livestock monitoring market.

Why Choose This Report

Gain a reliable outlook of the global livestock monitoring market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY COMPONENTS

Hardware
Software
Services

PART 6. MARKET BREAKDOWN BY ANIMAL TYPE

Cattle
Poultry
Swine
Sheep & goat
Others

PART 7. MARKET BREAKDOWN BY APPLICATION

Milk harvesting

Animal health monitoring & comfort

Behavior monitoring

Feeding management

Heat stress & fertility monitoring

Others

PART 8. MARKET BREAKDOWN BY REGION

North America

Asia Pacific

Europe

Rest of the World (ROW)

PART 9. KEY COMPANIES

Afimilk Ltd.

Dairymaster (UK) Limited

DeLaval Holding AB

Fancom BV

Fullwood Ltd.

GEA Group AG

Lely International N.V.

Madison One Holdings LLC (Boumatic)

Merck & Co., Inc.

Nedap N.V.

Phonetics, Inc.

Sum-It Computer Systems Ltd.

Tetra Laval International SA

Valley Agricultural Software (VAS)
