Abstracts

Medical waste containers are specialized containers used to collect and transport medical waste safely and hygienically. Medical waste refers to any waste generated from facilities, such as hospitals, clinics, and laboratories, that may contain potentially infectious material or other hazardous waste. The global medical waste containers market size is projected to grow by USD 0.8 billion from 2023 to 2029, registering a CAGR of 4.7 percent, according to the latest market data.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global medical waste containers market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, usage, waste type, end user, and region. The global market for medical waste containers can be segmented by product: chemotherapy containers, biohazardous medical waste containers, RCRA containers, others. The chemotherapy containers segment captured the largest share of the market in 2022. Medical waste containers market is further segmented by usage: disposable containers, reusable containers. The reusable containers segment held the largest share of the global medical waste containers market in 2022 and is anticipated to hold its share during the forecast period. Based on waste type, the medical waste containers market is segmented into: general medical waste, infectious medical waste, hazardous medical waste, others. In 2022, the general medical waste segment made up the largest share of revenue generated by the medical waste containers market. On the basis of end user, the medical waste containers market also can be divided into: hospitals & private clinics, diagnostic laboratories, research institutes, others. Among these, the

hospitals & private clinics segment was accounted for the highest revenue generator in 2022. Medical waste containers market by region is categorized into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America.

Market Segmentation

By product: chemotherapy containers, biohazardous medical waste containers, RCRA containers, others

By usage: disposable containers, reusable containers

By waste type: general medical waste, infectious medical waste, hazardous medical waste, others

By end user: hospitals & private clinics, diagnostic laboratories, research institutes, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The global medical waste containers market report offers detailed information on several market vendors, including Sharps Compliance, Inc., Becton, Dickinson and Company, Mauser Group NV, Henry Schein, Inc., Medtronic plc, Thermo Fisher Scientific Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global medical waste containers market.

To classify and forecast the global medical waste containers market based on product, usage, waste type, end user, region.

To identify drivers and challenges for the global medical waste containers market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global medical waste containers market.

To identify and analyze the profile of leading players operating in the global medical waste containers market.

Why Choose This Report

Gain a reliable outlook of the global medical waste containers market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY PRODUCT

Chemotherapy containers
Biohazardous medical waste containers
RCRA containers
Others

PART 6. MARKET BREAKDOWN BY USAGE

Disposable containers
Reusable containers

PART 7. MARKET BREAKDOWN BY WASTE TYPE

General medical waste
Infectious medical waste
Hazardous medical waste
Others

PART 8. MARKET BREAKDOWN BY END USER

Hospitals & private clinics
Diagnostic laboratories
Research institutes
Others

PART 9. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 10. KEY COMPANIES

Sharps Compliance, Inc.
Becton, Dickinson and Company
Mauser Group NV
Henry Schein, Inc.
Medtronic plc
Thermo Fisher Scientific Inc.
