## Abstracts

N-Methylbenzylamine, also known as NMBA, is an organic compound with the chemical formula  $C_9H_{11}N$ . It belongs to the class of aromatic amines, specifically alkylbenzylamines. NMBA is a colorless liquid characterized by a strong amine odor. This compound is widely utilized in various chemical reactions and synthesis processes due to its versatile properties.

One notable application of N-Methylbenzylamine is in the manufacturing process of phenylephrine, which is a vasoconstrictor and nasal decongestant. Phenylephrine is commonly found in over-the-counter medications used to alleviate nasal congestion caused by colds, allergies, or sinusitis. Its mechanism of action involves the constriction of blood vessels in the nasal passages, thereby reducing swelling and congestion.

According to the latest market study, the global N-Methylbenzylamine market is projected to experience a steady annual growth rate of 5.1 percent until 2029. The comprehensive report covers various aspects of the market, including market size, growth, segmentation, regional breakdowns, competitive landscape, trends, and strategies. It provides a quantitative analysis of the market, enabling stakeholders to identify and capitalize on prevailing opportunities.

### Market Segmentation

Application: pharmaceuticals and others

Region: Asia-Pacific, Europe, North America, and Rest of the World (RoW)

This comprehensive industry report provides market estimates and forecasts for the global n-methylbenzylamine market, along with a detailed analysis of its applications and regional distribution. The market for n-methylbenzylamine can be segmented based on its applications, namely pharmaceuticals and others. Among these segments, the pharmaceuticals segment is expected to hold the largest share in the global n-

methylbenzylamine market. Furthermore, the n-methylbenzylamine market is also segmented by region, including Asia-Pacific, Europe, North America, and the Rest of the World (RoW). In 2022, Asia-Pacific emerged as the region with the largest revenue share in the market.

#### Major Companies and Competitive Landscape

The global n-methylbenzylamine market is primarily dominated by a select group of key participants. These include prominent companies such as Alkyl Amines Chemicals Limited, Changzhou Huayang Technology Co., Ltd., Koei Chemical Co., Ltd., and Shandong Yuexing Chemical Co., Ltd., among others. These industry leaders play a significant role in shaping the market landscape, driving innovation, and meeting the growing demand for n-methylbenzylamine.

#### Scope of the Report

Analyze and forecast the market size of the global n-methylbenzylamine market.

Classify and forecast the global n-methylbenzylamine market based on application and region.

Identify drivers and challenges for the global n-methylbenzylamine market.

Examine competitive developments such as mergers & acquisitions, agreements, collaborations, and partnerships in the global n-methylbenzylamine market.

Identify and analyze the profiles of leading players operating in the global n-methylbenzylamine market.

#### Why Choose This Report

Obtain reliable outlooks and forecasts for the global n-methylbenzylamine market from 2023 to 2029 across scenarios.

Identify growth segments for investment purposes.

Stay ahead of competitors through comprehensive company profiles and market data.

Access market estimates for ease of analysis in Excel format.

Receive strategy consulting and research support for three months.

Single-user license includes print authentication.

## Contents

### **PART 1. INTRODUCTION**

- 1.1 Description
- 1.2 Objectives of The Study
- 1.3 Market Segment
- 1.4 Years Considered for The Report
- 1.5 Currency
- 1.6 Key Target Audience

### **PART 2. RESEARCH METHODOLOGY**

- 2.1 Primary Research
- 2.2 Secondary Research

### **PART 3. EXECUTIVE SUMMARY**

### **PART 4. MARKET OVERVIEW**

- 4.1 Introduction
- 4.2 Drivers
- 4.3 Restraints

### **PART 5. GLOBAL N-METHYLBENZYLAMINE MARKET BY APPLICATION**

- 5.1 Pharmaceuticals
- 5.2 Others

### **PART 6. GLOBAL N-METHYLBENZYLAMINE MARKET BY REGION**

- 6.1 Asia-Pacific
- 6.2 Europe
- 6.3 North America
- 6.4 Rest of the World (RoW)

### **PART 7. COMPANY PROFILES**

- 7.1 Alkyl Amines Chemicals Limited

7.2 Changzhou Huayang Technology Co., Ltd.

7.3 Koei Chemical Co., Ltd.

7.4 Shandong Yuexing Chemical Co., Ltd.

DISCLAIMER

## I would like to order

Product name: Global N-Methylbenzylamine (NMBA) Market 2023

Product link: <https://marketpublishers.com/r/GA5F49292660EN.html>

Price: US\$ 3,250.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:

[info@marketpublishers.com](mailto:info@marketpublishers.com)

## Payment

To pay by Credit Card (Visa, MasterCard, American Express, PayPal), please, click button on product page <https://marketpublishers.com/r/GA5F49292660EN.html>

To pay by Wire Transfer, please, fill in your contact details in the form below:
