## **Abstracts**

The global negative pressure wound therapy (NPWT) devices market was valued at USD 2,477 million in 2021 to USD 4,109 million by 2028, progressing at a CAGR of 7.5% from 2022 to 2028, according to Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global negative pressure wound therapy (NPWT) devices market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the negative pressure wound therapy (NPWT) devices industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, application, end user, and region. The global market for negative pressure wound therapy (NPWT) devices can be segmented by product: reusable NPWT devices, single-use NPWT devices. The reusable NPWT devices segment held the largest share of the global negative pressure wound therapy (NPWT) devices market in 2021 and is anticipated to hold its share during the forecast period. Negative pressure wound therapy (NPWT) devices market is further segmented by application: chronic wounds, acute wounds. Globally, the chronic wounds segment made up the largest share of the negative pressure wound therapy (NPWT) devices market. Based on end user, the negative pressure wound therapy (NPWT) devices market is segmented into: homecare, hospitals and clinics, others. On the basis of region, the negative pressure wound therapy (NPWT) devices market also can be divided into: Asia Pacific, Europe, North America, Rest of the World (RoW). North America is estimated to account for the largest share of the global negative pressure wound therapy (NPWT) devices market.

The global negative pressure wound therapy (NPWT) devices market report offers detailed information on several market vendors, including 3M Company, ATMOS MedizinTechnik GmbH & Co. KG, BenQ Materials Corp., Cardinal Health, Inc., Convatec Group plc, DeRoyal Inc., Devon Medical Products (Jiangsu) Ltd., Medela AG

(Olle Larsson Holding AG), Molnlycke Health Care AB (Investor AB), Paul Hartmann AG, Smith & Nephew plc, Talley Group Ltd., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

## Scope of the Report

To analyze and forecast the market size of the global negative pressure wound therapy (NPWT) devices market.

To classify and forecast the global negative pressure wound therapy (NPWT) devices market based on product, application, end user, region.

To identify drivers and challenges for the global negative pressure wound therapy (NPWT) devices market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global negative pressure wound therapy (NPWT) devices market.

To identify and analyze the profile of leading players operating in the global negative pressure wound therapy (NPWT) devices market.

## Why Choose This Report

Gain a reliable outlook of the global negative pressure wound therapy (NPWT) devices market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

## **Contents**

#### **PART 1. INTRODUCTION**

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

#### **PART 2. METHODOLOGY**

#### PART 3. EXECUTIVE SUMMARY

#### **PART 4. MARKET OVERVIEW**

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

#### PART 5. MARKET BREAKDOWN BY PRODUCT

Reusable NPWT devices Single-use NPWT devices

#### PART 6. MARKET BREAKDOWN BY APPLICATION

Chronic wounds

Acute wounds

## PART 7. MARKET BREAKDOWN BY END USER

Homecare Hospitals and clinics Others

## PART 8. MARKET BREAKDOWN BY REGION

Asia Pacific
Europe
North America
Rest of the World (RoW)

## **PART 9. KEY COMPANIES**

3M Company

ATMOS MedizinTechnik GmbH & Co. KG

BenQ Materials Corp.

Cardinal Health, Inc.

Convatec Group plc

DeRoyal Inc.

Devon Medical Products (Jiangsu) Ltd.

Medela AG (Olle Larsson Holding AG)

Molnlycke Health Care AB (Investor AB)

Paul Hartmann AG

Smith & Nephew plc

Talley Group Ltd.
