Abstracts

According to latest analysis by Gen Consulting Company, the global neurology monitoring market is poised to grow by USD 2.2 billion during 2022-2028, progressing at a CAGR of 5.6% during the forecast period.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global neurology monitoring market. It traces the market's historic and forecast market growth. The report identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches. This study also provides an analysis of the impact of the COVID-19 crisis on the neurology monitoring industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, disease, and region. The global market for neurology monitoring can be segmented by product: magnetic resonance imaging (MRI) device, electroencephalography device, cerebral oximeter, intracranial pressure monitor, others. The magnetic resonance imaging (MRI) device segment captured the largest share of the market in 2021. Neurology monitoring market is further segmented by disease: traumatic brain injury (TBI), stroke, sleep disorder, Parkinson's disease, epilepsy, others. The traumatic brain injury (TBI) segment held the largest share of the global neurology monitoring market in 2021 and is anticipated to hold its share during the forecast period. Based on region, the neurology monitoring market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. In 2021, North America made up the largest share of revenue generated by the neurology monitoring market.

Market Segmentation

By product: magnetic resonance imaging (MRI) device, electroencephalography device,

cerebral oximeter, intracranial pressure monitor, others

By disease: traumatic brain injury (TBI), stroke, sleep disorder, Parkinson's disease, epilepsy, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The global neurology monitoring market report offers detailed information on several market vendors, including Drägerwerk AG & Co. KGaA, GE Healthcare, Koninklijke Philips N.V., Masimo Corporation, Medtronic plc, Natus Medical Incorporated, Nihon Kohden Corporation, Siemens Healthineers AG, among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global neurology monitoring market.

To classify and forecast the global neurology monitoring market based on product, disease, region.

To identify drivers and challenges for the global neurology monitoring market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global neurology monitoring market.

To identify and analyze the profile of leading players operating in the global neurology monitoring market.

Why Choose This Report

Gain a reliable outlook of the global neurology monitoring market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY PRODUCT

Magnetic resonance imaging (MRI) device
Electroencephalography device
Cerebral oximeter
Intracranial pressure monitor
Others

PART 6. MARKET BREAKDOWN BY DISEASE

Traumatic brain injury (TBI)
Stroke
Sleep disorder
Parkinson's disease
Epilepsy
Others

PART 7. MARKET BREAKDOWN BY REGION

North America

Europe

Asia-Pacific

MEA (Middle East and Africa)

Latin America

PART 8. KEY COMPANIES

Dragerwerk AG & Co. KGaA

GE Healthcare

Koninklijke Philips N.V.

Masimo Corporation

Medtronic plc

Natus Medical Incorporated

Nihon Kohden Corporation

Siemens Healthineers AG
