Abstracts

The global optical microscope market is likely to register a CAGR of over 5.7% with an incremental growth of USD 0.9 billion during the forecast period 2022-2028.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global optical microscope market. It traces the market's historic and forecast market growth. The report identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches. This study also provides an analysis of the impact of the COVID-19 crisis on the optical microscope industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the type, end user, and region. The global market for optical microscope can be segmented by type: digital microscopes, stereo microscope, inverted microscope, others. The inverted microscope segment is estimated to account for the largest share of the global optical microscope market. Optical microscope market is further segmented by end user: hospital and clinic, institute, diagnostic laboratory, others. The diagnostic laboratory segment held the largest revenue share in 2021. Based on region, the optical microscope market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. Globally, North America made up the largest share of the optical microscope market.

Market Segmentation

By type: digital microscopes, stereo microscope, inverted microscope, others

By end user: hospital and clinic, institute, diagnostic laboratory, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin

America

The market research report covers the analysis of key stake holders of the global optical microscope market. Some of the leading players profiled in the report include Agilent Technologies Inc., Bruker Corporation, Carl Zeiss AG, Danaher Corporation, Hitachi Ltd., Nikon Corporation, Olympus Corporation, among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global optical microscope market.

To classify and forecast the global optical microscope market based on type, end user, region.

To identify drivers and challenges for the global optical microscope market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global optical microscope market.

To identify and analyze the profile of leading players operating in the global optical microscope market.

Why Choose This Report

Gain a reliable outlook of the global optical microscope market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.
