Abstracts

Outpatient surgery, also called same-day, ambulatory, or office-based surgery, provides patients with the convenience and comfort of recovering at home, and can cost less. Outpatient surgeries can take a few minutes or a few hours, and most are not for medical emergencies. A typical outpatient surgery might be a simple mole removal, a hernia repair, or a knee replacement. According to market research study published by Gen Consulting Company, the market size of the global outpatient surgical procedures sector is expected to rise by USD 149 billion with a CAGR of 6.8% by the end of 2028.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global outpatient surgical procedures market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the outpatient surgical procedures industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the surgery type, end user, and region. The global market for outpatient surgical procedures can be segmented by surgery type: cardiovascular, cosmetic, ENT and dental, gastrointestinal, obstetrics and gynecology, orthopedic, urology and ophthalmology, others. The orthopedic segment held the largest share of the global outpatient surgical procedures market in 2021 and is anticipated to hold its share during the forecast period. Outpatient surgical procedures market is further segmented by end user: ambulatory surgical centers (ASCs), hospital outpatient departments (HOPDs), others. Globally, the HOPDs segment made up the largest share of the outpatient surgical procedures market. Based on region, the outpatient surgical procedures market is segmented into: Asia Pacific, Europe, North America,

Rest of the World (RoW). Asia Pacific was the largest contributor to the global outpatient surgical procedures market in 2021.

By surgery type:

cardiovascular

cosmetic

ENT and dental

gastrointestinal

obstetrics and gynecology

orthopedic

urology and ophthalmology

others

By end user:

ambulatory surgical centers (ASCs)

hospital outpatient departments (HOPDs)

others

By region:

Asia Pacific

Europe

North America

Rest of the World (RoW)

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global outpatient surgical procedures market.

To classify and forecast the global outpatient surgical procedures market based on surgery type, end user, region.

To identify drivers and challenges for the global outpatient surgical procedures market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global outpatient surgical procedures market.

To identify and analyze the profile of leading players operating in the global outpatient surgical procedures market.

Why Choose This Report

Gain a reliable outlook of the global outpatient surgical procedures market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY SURGERY TYPE

Cardiovascular
Cosmetic
ENT and dental
Gastrointestinal
Obstetrics and gynecology
Orthopedic
Urology and ophthalmology
Others

PART 6. MARKET BREAKDOWN BY END USER

Ambulatory surgical centers (ASCs)
Hospital outpatient departments (HOPDs)
Others

PART 7. MARKET BREAKDOWN BY REGION

Asia Pacific

Europe

North America

Rest of the World (RoW)

PART 8. KEY COMPANIES

Charite—Universitaetsmedizin Berlin

Cleveland Clinic

Samsung Medical Center (SMC)

Singapore General Hospital (SGH) Pte Ltd

St. Jude Children's Research Hospital

The Johns Hopkins Hospital

The Mayo Clinic

The University of Tokyo Hospital
