Abstracts

Patient safety and risk management software are computer programs or systems that are designed to improve patient safety, minimize clinical errors, and reduce the risk of adverse events in healthcare settings. The software typically works by identifying potential risks or hazards in the patient care process, analyzing data to detect patterns and trends, and providing tools for interventions and monitoring. According to the latest research, the global patient safety and risk management software market is poised to grow by USD 1.7 billion during 2023-2029, progressing at a CAGR of 10.85% during the forecast period.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global patient safety and risk management software market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the service type, end user, and region. The global market for patient safety and risk management software can be segmented by service type: risk management & safety solutions, claims management software, governance, risk & compliance solutions. The risk management & safety solutions segment held the largest share of the global patient safety and risk management software market in 2022 and is anticipated to hold its share during the forecast period. Patient safety and risk management software market is further segmented by end user: hospitals, ambulatory care centers, long-term care centers, others. Globally, the hospitals segment made up the largest share of the patient safety and risk management software market. Based on

region, the patient safety and risk management software market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. North America was the largest contributor to the global patient safety and risk management software market in 2022.

Market Segmentation

By service type: risk management & safety solutions, claims management software, governance, risk & compliance solutions

By end user: hospitals, ambulatory care centers, long-term care centers, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The global patient safety and risk management software market report offers detailed information on several market vendors, including Clarity Group Inc., Conduent Inc., Health Catalyst Inc., Origami Risk LLC, Patient Safety Company Inc., Quantros Inc., Riskonnect Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global patient safety and risk management software market.

To classify and forecast the global patient safety and risk management software market based on service type, end user, region.

To identify drivers and challenges for the global patient safety and risk management software market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global patient safety and risk management software market.

To identify and analyze the profile of leading players operating in the global patient safety and risk management software market.

Why Choose This Report

Gain a reliable outlook of the global patient safety and risk management software market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY SERVICE TYPE

Risk management & safety solutions
Claims management software
Governance
Risk & compliance solutions

PART 6. MARKET BREAKDOWN BY END USER

Hospitals
Ambulatory care centers
Long-term care centers
Others

PART 7. MARKET BREAKDOWN BY REGION

North America
Europe

Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 8. KEY COMPANIES

Clarity Group Inc.
Conduent Inc.
Health Catalyst Inc.
Origami Risk LLC
Patient Safety Company Inc.
Quantros Inc.
Riskconnect Inc.
