

Global Physiotherapy Devices Market 2023-2029

https://marketpublishers.com/r/G14AB22EC8D0EN.html Date: March 2023 Pages: 65 Price: US\$ 2,750.00 (Single User License) ID: G14AB22EC8D0EN

Abstracts

Physiotherapy devices are specialized tools or equipment utilized by physiotherapists to help patients recover from injuries or manage chronic pain. These devices are designed to help patients regain functionality, strength, and mobility as part of their rehabilitation process. The global physiotherapy devices market is likely to register a CAGR of over 6.79% with an incremental growth of USD 3.5 billion during the forecast period 2023-2029.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global physiotherapy devices market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the device type, application, end user, and region. The global market for physiotherapy devices can be segmented by device type: ultrasound therapy equipment, electrotherapy equipment, laser therapy equipment, exercise therapy equipment, traction therapy equipment, combination therapy equipment, CP motion equipment, shockwave equipment, hot & cold therapy equipment, others. The ultrasound therapy equipment segment is estimated to account for the largest share of the global physiotherapy devices market. Physiotherapy devices market is further segmented by application: cardiorespiratory, musculoskeletal, neurological, others. The cardiorespiratory segment held the largest revenue share in 2022. Based on end user, the physiotherapy devices market is segmented into: physiotherapy clinics, hospitals, homecare settings, others. Globally, the physiotherapy clinics segment made up the largest share of the physiotherapy devices market. On the basis of region, the physiotherapy devices market also can be divided into: North America, Europe, Asia-

Pacific, MEA (Middle East and Africa), Latin America. North America was the largest contributor to the global physiotherapy devices market in 2022.

Market Segmentation

By device type: ultrasound therapy equipment, electrotherapy equipment, laser therapy equipment, exercise therapy equipment, traction therapy equipment, combination therapy equipment, CP motion equipment, shockwave equipment, hot & cold therapy equipment, others

By application: cardiorespiratory, musculoskeletal, neurological, others By end user: physiotherapy clinics, hospitals, homecare settings, others By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The market research report covers the analysis of key stake holders of the global physiotherapy devices market. Some of the leading players profiled in the report include BTL Industries Inc., Dynatronics Corporation, Zimmer Biomet Holdings, Inc., Zynex Medical, Inc., Colfax Inc., Mettler-Toledo International Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global physiotherapy devices market. To classify and forecast the global physiotherapy devices market based on device type, application, end user, region.

To identify drivers and challenges for the global physiotherapy devices market. To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global physiotherapy devices market. To identify and analyze the profile of leading players operating in the global physiotherapy devices market.

Why Choose This Report

Gain a reliable outlook of the global physiotherapy devices market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION
