Abstracts

Polyethylenimine (PEI) is a polymer with repeating units composed of the amine group and two carbon aliphatic CH₂CH₂ spacers. Linear polyethyleneimines contain all secondary amines, in contrast to branched PEIs which contain primary, secondary and tertiary amino groups. It is used in paper-making, water treatment, detergents, adhesives and cosmetics. PEI is also used as chelating agent, scavenger for aldehydes and oxides. According to the latest estimates, the global polyethylenimine market is set to achieve an incremental growth of USD 129.1 million, accelerating at a CAGR of almost 4.6% during the forecast period 2023-2029.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global polyethylenimine market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, application, and region. The global market for polyethylenimine can be segmented by product: branched PEI, linear PEI. Globally, the branched PEI segment made up the largest share of the polyethylenimine market. Polyethylenimine market is further segmented by application: adhesives and sealants, coatings and inks, cosmetics and personal care products, detergents and cleaners, paper, water treatment chemicals, others. The adhesives and sealants segment captured the largest share of the market in 2022. Based on region, the polyethylenimine market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. According to the research, Asia-Pacific had the largest share in the global polyethylenimine market.

Market Segmentation

By product: branched PEI, linear PEI

By application: adhesives and sealants, coatings and inks, cosmetics and personal care products, detergents and cleaners, paper, water treatment chemicals, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report also provides a detailed analysis of several leading polyethylenimine market vendors that include BASF SE, Dow Inc., Gobekie New Materials Science Technology Co., Ltd., Nippon Shokubai Co., Ltd., Wuhan Qianglong New Chemical Materials Co., Ltd., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global polyethylenimine market.

To classify and forecast the global polyethylenimine market based on product, application, region.

To identify drivers and challenges for the global polyethylenimine market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global polyethylenimine market.

To identify and analyze the profile of leading players operating in the global polyethylenimine market.

Why Choose This Report

Gain a reliable outlook of the global polyethylenimine market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY PRODUCT

Branched PEI
Linear PEI

PART 6. MARKET BREAKDOWN BY APPLICATION

Adhesives and sealants
Coatings and inks
Cosmetics and personal care products
Detergents and cleaners
Paper
Water treatment chemicals
Others

PART 7. MARKET BREAKDOWN BY REGION

North America

Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 8. KEY COMPANIES

BASF SE

Dow Inc.

Gobekie New Materials Science Technology Co., Ltd.

Nippon Shokubai Co., Ltd.

Wuhan Qianglong New Chemical Materials Co., Ltd.
