Abstracts

According to latest analysis by Gen Consulting Company, the global robotic process automation market is poised to grow by USD 10.4 billion during 2022-2028, progressing at a CAGR of 30.8% during the forecast period.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global robotic process automation market. It traces the market's historic and forecast market growth. The report identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches. This study also provides an analysis of the impact of the COVID-19 crisis on the robotic process automation industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the component, deployment, organization size, application, and region. The global market for robotic process automation can be segmented by component: software, service. The service segment is estimated to account for the largest share of the global robotic process automation market. Robotic process automation market is further segmented by deployment: cloud, on-premise. The on-premise segment held the largest revenue share in 2021. Based on organization size, the robotic process automation market is segmented into: large enterprise, small and medium enterprise. On the basis of application, the robotic process automation market also can be divided into: financial, healthcare, retail, information, telecom, communication and education, manufacturing, logistic, energy, others. The financial segment was the largest contributor to the global robotic process automation market in 2021. Robotic process automation market by region is categorized into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America.

The service market is further segmented into consulting, implementing, training. The consulting segment held the largest share of the global robotic process automation

market in 2021 and is anticipated to hold its share during the forecast period.

Market Segmentation

By component: software, service

By deployment: cloud, on-premise

By organization size: large enterprise, small and medium enterprise

By application: financial, healthcare, retail, information, telecom, communication and education, manufacturing, logistic, energy, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report has also analysed the competitive landscape of the global robotic process automation market with some of the key players being Automation Anywhere Inc., Blue Prism Limited, NICE Systems Ltd., Pegasystems Inc., UiPath Inc., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global robotic process automation market.

To classify and forecast the global robotic process automation market based on component, deployment, organization size, application, region.

To identify drivers and challenges for the global robotic process automation market.

To examine competitive developments such as mergers & acquisitions,

agreements, collaborations and partnerships, etc., in the global robotic process automation market.

To identify and analyze the profile of leading players operating in the global robotic process automation market.

Why Choose This Report

Gain a reliable outlook of the global robotic process automation market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY COMPONENT

Software
Service

PART 6. MARKET BREAKDOWN BY DEPLOYMENT

Cloud
On-premise

PART 7. MARKET BREAKDOWN BY ORGANIZATION SIZE

Large enterprise
Small and medium enterprise

PART 8. MARKET BREAKDOWN BY APPLICATION

Financial
Healthcare
Retail
Information
Telecom
Communication and education
Manufacturing
Logistic
Energy
Others

PART 9. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 10. KEY COMPANIES

Automation Anywhere Inc.
Blue Prism Limited
NICE Systems Ltd.
Pegasystems Inc.
UiPath Inc.
