Abstracts

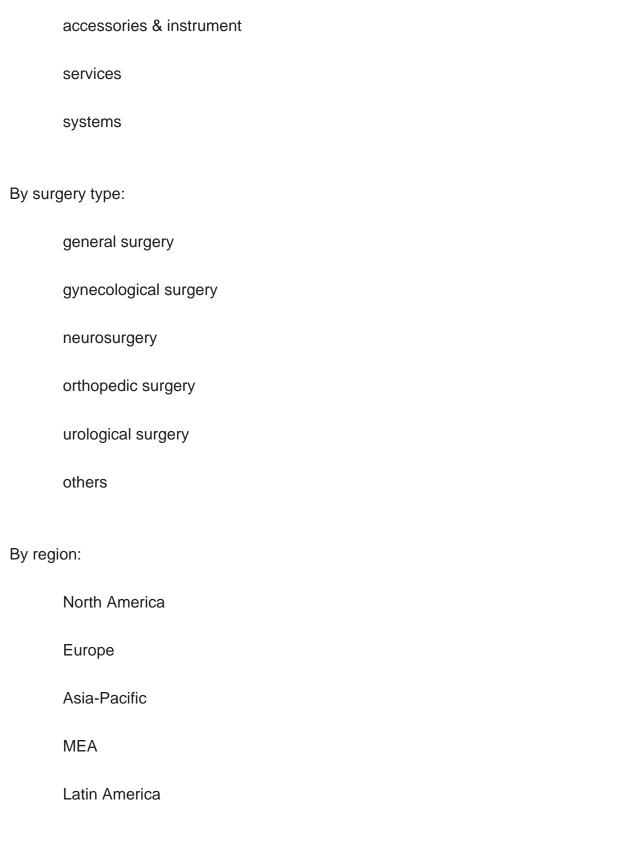

Robotic surgery is a form of minimally invasive (MI) surgery, where robotic surgical devices are introduced to overcome the limitations of open/traditional and other MI surgical approaches. MI surgical technique refers to operations being conducted on a patient's body using miniaturized surgical instruments that fit through a series of small incisions instead of through large incisions as seen in open surgical practices. The global robotic surgery systems market is anticipated to reach valuation of ~USD 17,530 million by 2028, representing a CAGR of 14.4% from 2022 to 2028 as per the latest report by Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global robotic surgery systems market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the robotic surgery systems industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, and surgery type, and region. The global market for robotic surgery systems can be segmented by product: accessories & instrument, services, systems. The accessories & instrument segment held the largest revenue share in 2021. Robotic surgery systems market is further segmented by surgery type: general surgery, gynecological surgery, neurosurgery, orthopedic surgery, urological surgery, others. Among these, the general surgery segment was accounted for the highest revenue generator in 2021. On the basis of region, the robotic surgery systems market also can be divided into: North America, Europe, Asia-Pacific, MEA, Latin America.

By product:

The market research report covers the analysis of key stake holders of the global robotic surgery systems market. Some of the leading players profiled in the report include avateramedical GmbH, CMR Surgical Ltd., Corindus, Inc., Globus Medical, Inc., Intuitive Surgical, Inc., Johnson & Johnson, Mazor Robotics Ltd., Medicaroid

Corporation, Medrobotics Corporation, Medtronic plc, Microsure BV, Smith & Nephew plc, Stryker Corporation, TransEnterix, Inc. (Asensus Surgical, Inc.), Virtual Incision Corporation, Zimmer Biomet Holdings, Inc., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global robotic surgery systems market.

To classify and forecast the global robotic surgery systems market based on product, surgery type, region.

To identify drivers and challenges for the global robotic surgery systems market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global robotic surgery systems market.

To identify and analyze the profile of leading players operating in the global robotic surgery systems market.

Why Choose This Report

Gain a reliable outlook of the global robotic surgery systems market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY PRODUCT

Accessories & instrument Services
Systems

PART 6. MARKET BREAKDOWN BY SURGERY TYPE

General surgery
Gynecological surgery
Neurosurgery
Orthopedic surgery
Urological surgery
Others

PART 7. MARKET BREAKDOWN BY REGION

North America Europe Asia-Pacific MEA Latin America

PART 8. KEY COMPANIES

avateramedical GmbH

CMR Surgical Ltd.

Corindus, Inc.

Globus Medical, Inc.

Intuitive Surgical, Inc.

Johnson & Johnson

Mazor Robotics Ltd.

Medicaroid Corporation

Medrobotics Corporation

Medtronic plc

Microsure BV

Smith & Nephew plc

Stryker Corporation

TransEnterix, Inc. (Asensus Surgical, Inc.)

Virtual Incision Corporation

Zimmer Biomet Holdings, Inc.
