Abstracts

Silicone catheters are catheters that are made out of 100% silicone. They have absolutely no traces of latex in them, which is ideal for those who have latex allergies or are sensitive to the material. According to Gen Consulting Company, the global silicone catheters market is set to achieve an incremental growth of USD 85 million, accelerating at a CAGR of almost 6.4% during the forecast period 2022-2028.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global silicone catheters market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the silicone catheters industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, usage, application, end user, and region. The global market for silicone catheters can be segmented by product: short-term foley catheters, long-term foley catheters, others. The short-term foley catheters segment was the largest contributor to the global silicone catheters market in 2021. Silicone catheters market is further segmented by usage: male, female, pediatric. According to the research, the female segment had the largest share in the global silicone catheters market. Based on application, the silicone catheters market is segmented into: catheter-associated urinary tract infection (CAUTI), surgery on contiguous structures of the genitourinary tract, prostate gland, spinal cord injury, others. The CAUTI segment held the largest revenue share in 2021. On the basis of end user, the silicone catheters market also can be divided into: hospitals, nursing homes and clinics, ambulatory surgical centers (ASCs), others. Silicone catheters market by region is categorized into: Asia Pacific, Europe, North America, Rest of the World (RoW).

By product:

short-term foley catheters

long-term foley catheters

others

By usage:

male

female

pediatric

By application:

catheter-associated urinary tract infection (CAUTI)

surgery on contiguous structures of the genitourinary tract

prostate gland

spinal cord injury

others

By end user:

hospitals

nursing homes and clinics

ambulatory surgical centers (ASCs)

others

By region:

Asia Pacific

Europe

North America

Rest of the World (RoW)

The report also provides analysis of the key companies of the industry and their detailed company profiles including B. Braun Melsungen AG, Bactiguard AB, Becton, Dickinson and Company (BD), Convatec Group plc, Cook Group Incorporated, Ribbel International Limited, Teleflex Incorporated, among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global silicone catheters market.

To classify and forecast the global silicone catheters market based on product, usage, application, end user, region.

To identify drivers and challenges for the global silicone catheters market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global silicone catheters market.

To identify and analyze the profile of leading players operating in the global silicone catheters market.

Why Choose This Report

Gain a reliable outlook of the global silicone catheters market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY PRODUCT

Short-term foley catheters
Long-term foley catheters
Others

PART 6. MARKET BREAKDOWN BY USAGE

Male
Female
Pediatric

PART 7. MARKET BREAKDOWN BY APPLICATION

Catheter-associated urinary tract infection (CAUTI)
Surgery on contiguous structures of the genitourinary tract
Prostate gland

Spinal cord injury
Others

PART 8. MARKET BREAKDOWN BY END USER

Hospitals
Nursing homes and clinics
Ambulatory surgical centers (ASCs)
Others

PART 9. MARKET BREAKDOWN BY REGION

Asia Pacific
Europe
North America
Rest of the World (RoW)

PART 10. KEY COMPANIES

B. Braun Melsungen AG
Bactiguard AB
Becton, Dickinson and Company (BD)
Convatec Group plc
Cook Group Incorporated
Ribbel International Limited
Teleflex Incorporated
