Abstracts

Space situational awareness (SSA) services are used to monitor, track, and predict the movements of objects in space, including man-made satellites, debris, and other natural phenomena. The goal of SSA is to have a precise understanding of the space environment in order to protect assets in orbit, prevent collisions, and ensure safe operations. The global space situational awareness services market is expected to increase by USD 20.4 million, at a compound annual growth rate (CAGR) of 2.49% from 2023 to 2029, according to the latest edition of the Global Space Situational Awareness Services Market Report.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global space situational awareness services market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the service, and region. The global market for space situational awareness services can be segmented by service: mission operation support, collision avoidance and tracking, interference avoidance, rendezvous support, space weather. The mission operation support segment captured the largest share of the market in 2022. Space situational awareness services market is further segmented by region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. North America held the largest share of the global space situational awareness services market in 2022 and is anticipated to hold its share during the forecast period.

Market Segmentation

By service: mission operation support, collision avoidance and tracking, interference avoidance, rendezvous support, space weather

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report also provides a detailed analysis of several leading space situational awareness services market vendors that include Astroscale Holdings, Inc., Kratos Defense & Security Solutions, Inc., L3 Harris Technologies, Inc., Leolabs, Inc., Lockheed Martin Corporation, Parsons Corporation, Peraton, Inc., Space-Track.Org, among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global space situational awareness services market.

To classify and forecast the global space situational awareness services market based on service, region.

To identify drivers and challenges for the global space situational awareness services market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global space situational awareness services market.

To identify and analyze the profile of leading players operating in the global space situational awareness services market.

Why Choose This Report

Gain a reliable outlook of the global space situational awareness services market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restrains

PART 5. MARKET BREAKDOWN BY SERVICE

Mission operation support
Collision avoidance and tracking
Interference avoidance
Rendezvous support
Space weather

PART 6. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 7. KEY COMPANIES

Astroscale Holdings, Inc.
Kratos Defense & Security Solutions, Inc.
L3 Harris Technologies, Inc.
Leolabs, Inc.
Lockheed Martin Corporation
Parsons Corporation
Peraton, Inc.
