Abstracts

Carbon black is virtually pure elemental carbon in the form of colloidal particles that are produced by incomplete combustion or thermal decomposition of gaseous or liquid hydrocarbons under controlled conditions. Specialty carbon black are outstanding in their tinting strength, conductivity, dispersibility and UV-resistance. It is important industrial raw material, which is incorporated into the production processes for various industries including the polymer, printing and coating industries. The global specialty carbon black market is anticipated to increase by USD 1.6 billion till 2029 at an average annual growth of 5.7 percent as per the latest market estimates.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global specialty carbon black market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the form, grade, function, application, and region. The global market for specialty carbon black can be segmented by form: granular, powder. In 2022, the granular segment made up the largest share of revenue generated by the specialty carbon black market. Specialty carbon black market is further segmented by grade: conductive carbon black, fiber grade carbon black, food grade carbon black, others. The fiber grade carbon black segment was the largest contributor to the global specialty carbon black market in 2022. Based on function, the specialty carbon black market is segmented into: coloring agent, conductive filler, UV protection, others. The coloring agent segment is estimated to account for the largest share of the global specialty carbon black market. On the basis of application, the specialty carbon black market also can be divided into: battery electrodes, paints and coatings, plastics, printing inks and

toners, others. The plastics segment held the largest share of the global specialty carbon black market in 2022 and is anticipated to hold its share during the forecast period. Specialty carbon black market by region is categorized into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America.

The conductive carbon black market is further segmented into battery electrodes, conductive polymers, paints & coatings, printing inks, others. Among these, the paints & coatings segment was accounted for the highest revenue generator in 2022.

Furthermore, the fiber grade carbon black market has been categorized into nylon, polyester fibers, polypropylene fibers, others. The polyester fibers segment captured the largest share of the market in 2022 and is expected to maintain its dominance during the forecast period. The food grade carbon black market is further divided into films, sheets and bags, molded parts, others. According to the research, the films, sheets and bags segment had the largest share in the global specialty carbon black market.

Market Segmentation

By form: granular, powder

By grade: conductive carbon black, fiber grade carbon black, food grade carbon black, others

By function: coloring agent, conductive filler, UV protection, others

By application: battery electrodes, paints and coatings, plastics, printing inks and toners, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report also provides analysis of the key companies of the industry and their detailed company profiles including Aditya Birla Group (Birla Carbon India Private Limited), Black Bear Carbon B.V., Cabot Corporation, Cancarb Limited, Continental Carbon Company, Denka Company Limited, Geotech International B.V., Himadri Speciality Chemical Limited, Imerys S.A., Jiangxi Black Cat Carbon Black Co., Ltd., Klean Industries Inc., Lion Specialty Chemicals Co., Ltd., Longxing Chemical Industry Co., Ltd., Mitsubishi Chemical Group Corporation (MCG), OMSK Carbon Group Ltd, Orion Engineered Carbons S.A. (OEC), Phillips Carbon Black Limited (PCBL Limited), Ralson Carbon Black Limited, Shandong Link Science and Technology Co., Ltd., Shanxi Anlun

Chemical Co., Ltd., Shanxi Yongdong Chemistry Industry Co., Ltd., Suzhou Baohua Carbon Black Co., Ltd., Tokai Carbon Co., Ltd., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global specialty carbon black market.

To classify and forecast the global specialty carbon black market based on form, grade, function, application, region.

To identify drivers and challenges for the global specialty carbon black market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global specialty carbon black market.

To identify and analyze the profile of leading players operating in the global specialty carbon black market.

Why Choose This Report

Gain a reliable outlook of the global specialty carbon black market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY FORM

Granular
Powder

PART 6. MARKET BREAKDOWN BY GRADE

Conductive carbon black
Fiber grade carbon black
Food grade carbon black
Others

PART 7. MARKET BREAKDOWN BY FUNCTION

Coloring agent
Conductive filler
UV protection
Others

PART 8. MARKET BREAKDOWN BY APPLICATION

Battery electrodes
Paints and coatings
Plastics
Printing inks and toners
Others

PART 9. MARKET BREAKDOWN BY REGION

North America
Europe
Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 10. KEY COMPANIES

Aditya Birla Group (Birla Carbon India Private Limited)
Black Bear Carbon B.V.
Cabot Corporation
Cancarb Limited
Continental Carbon Company
Denka Company Limited
Geotech International B.V.
Himadri Speciality Chemical Limited
Imerys S.A.
Jiangxi Black Cat Carbon Black Co., Ltd.
Klean Industries Inc.
Lion Specialty Chemicals Co., Ltd.
Longxing Chemical Industry Co., Ltd.
Mitsubishi Chemical Group Corporation (MCG)
OMSK Carbon Group Ltd
Orion Engineered Carbons S.A. (OEC)
Phillips Carbon Black Limited (PCBL Limited)
Ralson Carbon Black Limited
Shandong Link Science and Technology Co., Ltd.
Shanxi Anlun Chemical Co., Ltd.

Shanxi Yongdong Chemistry Industry Co., Ltd.

Suzhou Baohua Carbon Black Co., Ltd.

Tokai Carbon Co., Ltd.
