Abstracts

Specialty silica refers to a broad range of silica materials specifically designed for use in specific applications. These silicas are generally pure, amorphous, and synthetic silicas characterized by unique properties that make them ideal for use in a wide variety of industrial applications. Some of the most common forms of specialty silica include fumed silica, silica gel, colloidal silica, and precipitated silica. Each of these varieties of silica has its unique set of properties and characteristics that make them suitable for specific applications. According to the latest research, the global specialty silica market is poised to grow by USD 1.8 billion during 2023-2029, progressing at a CAGR of 5.87% during the forecast period.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global specialty silica market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, end user, and region. The global market for specialty silica can be segmented by product: colloidal silica, fumed silica, fused silica, precipitated silica, silica gel. Among these, the precipitated silica segment was accounted for the highest revenue generator in 2022. Specialty silica market is further segmented by end user: agriculture, desiccants, food and beverages, medical, paints and coatings, plastics, rubber, others. The rubber segment is estimated to account for the largest share of the global specialty silica market. Based on region, the specialty silica market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. Asia-Pacific held the largest share of the global specialty silica market in 2022 and is anticipated to hold its share during the forecast period.

Market Segmentation

By product: colloidal silica, fumed silica, fused silica, precipitated silica, silica gel

By end user: agriculture, desiccants, food and beverages, medical, paints and coatings, plastics, rubber, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report has also analysed the competitive landscape of the global specialty silica market with some of the key players being Dalian Fuchang Chemical Co., Ltd., Elkem ASA, Evonik Industries AG, Fuji Silysia Chemical, Ltd. (FSC), Fujimi Corporation, Industrias Quimicas del Ebro, S.A., Madhu Silica Pvt. Ltd. (MSPL), Oriental Silicas Corporation, PPG Industries, Inc., PQ Corporation, Quechen Silicon Chemical Co., Ltd. (Sino Smart International Development Co., Ltd.), Sinosi Group Corporation, Solvay S.A., Tokuyama Corporation, Tosoh Corporation, W.R. Grace & Co., Wacker Chemie AG, Zeochem AG, among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global specialty silica market.

To classify and forecast the global specialty silica market based on product, end user, region.

To identify drivers and challenges for the global specialty silica market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global specialty silica market.

To identify and analyze the profile of leading players operating in the global specialty silica market.

Why Choose This Report

Gain a reliable outlook of the global specialty silica market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY PRODUCT

Colloidal silica
Fumed silica
Fused silica
Precipitated silica
Silica gel

PART 6. MARKET BREAKDOWN BY END USER

Agriculture
Desiccants
Food and beverages
Medical
Paints and coatings
Plastics
Rubber
Others

PART 7. MARKET BREAKDOWN BY REGION

North America

Europe

Asia-Pacific

MEA (Middle East and Africa)

Latin America

PART 8. KEY COMPANIES

Dalian Fuchang Chemical Co., Ltd.

Elkem ASA

Evonik Industries AG

Fuji Silysia Chemical, Ltd. (FSC)

Fujimi Corporation

Industrias Químicas del Ebro, S.A.

Madhu Silica Pvt. Ltd. (MSPL)

Oriental Silicas Corporation

PPG Industries, Inc.

PQ Corporation

Quechen Silicon Chemical Co., Ltd. (Sino Smart International Development Co., Ltd.)

Sinosi Group Corporation

Solvay S.A.

Tokuyama Corporation

Tosoh Corporation

W.R. Grace & Co.

Wacker Chemie AG

Zeochem AG
