## Abstracts

A separator is a device used to separate a well stream mixture of oil/gas/water into its constituents. Two-stage separators extract liquids from natural gas. They are available in vertical, horizontal, and spherical configurations. These devices are extensively used in onshore or offshore oil and gas facilities and petrochemical applications. According to the latest estimates, the global two-phase separators for oil and gas market size is expected to increase from USD 1,452 million in 2022 to USD 2,198 million by 2029, garnering a CAGR of 6.1% over the evaluated period.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global two-phase separators for oil and gas market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the vessel orientation, application, and region. The global market for two-phase separators for oil and gas can be segmented by vessel orientation: horizontal separator, spherical separator, vertical separator. In 2022, the horizontal separator segment made up the largest share of revenue generated by the two-phase separators for oil and gas market. Two-phase separators for oil and gas market is further segmented by application: downstream, upstream. The downstream segment was the largest contributor to the global two-phase separators for oil and gas market in 2022. Based on region, the two-phase separators for oil and gas market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. Asia-Pacific is estimated to account for the largest share of the global

two-phase separators for oil and gas market.

## Market Segmentation

By vessel orientation: horizontal separator, spherical separator, vertical separator

By application: downstream, upstream

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report also provides analysis of the key companies of the industry and their detailed company profiles including Ager GmbH (ERGIL), Alfa Laval AB, Exterran Corporation, GEA Group AG, Halliburton Company, KIRK Process Solutions Limited, Pentair plc, Schlumberger Limited (SLB), Sulzer Ltd., Tech Fab, Inc., TechnipFMC plc, among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

## Scope of the Report

To analyze and forecast the market size of the global two-phase separators for oil and gas market.

To classify and forecast the global two-phase separators for oil and gas market based on vessel orientation, application, region.

To identify drivers and challenges for the global two-phase separators for oil and gas market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global two-phase separators for oil and gas market.

To identify and analyze the profile of leading players operating in the global two-phase separators for oil and gas market.

## Why Choose This Report

Gain a reliable outlook of the global two-phase separators for oil and gas market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

## Contents

### **PART 1. INTRODUCTION**

Report description  
Objectives of the study  
Market segment  
Years considered for the report  
Currency  
Key target audience

### **PART 2. METHODOLOGY**

### **PART 3. EXECUTIVE SUMMARY**

### **PART 4. MARKET OVERVIEW**

Introduction  
Drivers  
Restrains

### **PART 5. MARKET BREAKDOWN BY VESSEL ORIENTATION**

Horizontal separator  
Spherical separator  
Vertical separator

### **PART 6. MARKET BREAKDOWN BY APPLICATION**

Downstream  
Upstream

### **PART 7. MARKET BREAKDOWN BY REGION**

North America  
Europe  
Asia-Pacific  
MEA (Middle East and Africa)  
Latin America

## **PART 8. KEY COMPANIES**

Aager GmbH (ERGIL)

Alfa Laval AB

Exterran Corporation

GEA Group AG

Halliburton Company

KIRK Process Solutions Limited

Pentair plc

Schlumberger Limited (SLB)

Sulzer Ltd.

Tech Fab, Inc.

TechnipFMC plc
