Abstracts

The global water desalination market size is projected to grow by USD 11.2 billion from 2023 to 2029, registering a CAGR of 8.7 percent, according to the latest market data.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global water desalination market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the technology, source, application, and region. The global market for water desalination can be segmented by technology: reverse osmosis (RO), multi-stage flash (MSF) distillation, multi-effect distillation (MED), others. Among these, the reverse osmosis (RO) segment was accounted for the highest revenue generator in 2022. Water desalination market is further segmented by source: brackish water, groundwater and surface water, seawater. The seawater segment is estimated to account for the largest share of the global water desalination market. Based on application, the water desalination market is segmented into: municipal, industrial, others. The municipal segment held the largest share of the global water desalination market in 2022 and is anticipated to hold its share during the forecast period. On the basis of region, the water desalination market also can be divided into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. In 2022, MEA (Middle East and Africa) made up the largest share of revenue generated by the water desalination market, accounting for more than 46.3% of the total market.

Market Segmentation

By technology: reverse osmosis (RO), multi-stage flash (MSF) distillation, multi-effect distillation (MED), others

By source: brackish water, groundwater and surface water, seawater

By application: municipal, industrial, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report has also analysed the competitive landscape of the global water desalination market with some of the key players being Abengoa, S.A., Acciona, S.A., Aquatech International LLC, Biwater Holdings Limited, Doosan Enerbility Co., Ltd., Evoqua Water Technologies Corp, Genesis Water Technologies, Inc., IDE Technologies Ltd., Koch Industries, Inc., Suez S.A., Veolia Environnement S.A., Xylem Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global water desalination market.

To classify and forecast the global water desalination market based on technology, source, application, region.

To identify drivers and challenges for the global water desalination market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global water desalination market.

To identify and analyze the profile of leading players operating in the global water desalination market.

Why Choose This Report

Gain a reliable outlook of the global water desalination market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY TECHNOLOGY

Reverse osmosis (RO)
Multi-stage flash (MSF) distillation
Multi-effect distillation (MED)
Others

PART 6. MARKET BREAKDOWN BY SOURCE

Brackish water
Groundwater and surface water
Seawater

PART 7. MARKET BREAKDOWN BY APPLICATION

Municipal
Industrial
Others

PART 8. MARKET BREAKDOWN BY REGION

North America

Europe

Asia-Pacific

MEA (Middle East and Africa)

Latin America

PART 9. KEY COMPANIES

Abengoa, S.A.

Acciona, S.A.

Aquatech International LLC

Biwater Holdings Limited

Doosan Enerbility Co., Ltd.

Evoqua Water Technologies Corp

Genesis Water Technologies, Inc.

IDE Technologies Ltd.

Koch Industries, Inc.

Suez S.A.

Veolia Environnement S.A.

Xylem Inc.
