Abstracts

According to latest analysis by Gen Consulting Company, the global water and waste recycling market is poised to grow by USD 22 billion during 2022-2028, progressing at a CAGR of 10.7% during the forecast period.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global water and waste recycling market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the water and waste recycling industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the technology, application, end user, and region. The global market for water and waste recycling can be segmented by technology: chemical treatments and disinfection, conventional wastewater treatment, membrane bioreactor (MBR), membrane filtration, others. In 2021, the MBR segment made up the largest share of revenue generated by the water and waste recycling market. Water and waste recycling market is further segmented by application: municipal, industrial. The municipal segment was the largest contributor to the global water and waste recycling market in 2021. Based on end user, the water and waste recycling market is segmented into: agriculture, direct potable, surface water or groundwater, municipal and industrial. The agriculture segment is estimated to account for the largest share of the global water and waste recycling market. On the basis of region, the water and waste recycling market also can be divided into: Asia Pacific, Europe, North America, Rest of the World (RoW).

By technology:

chemical treatments and disinfection

conventional wastewater treatment

membrane bioreactor (MBR)

membrane filtration

others

By application:

municipal

industrial

By end user:

agriculture

direct potable

surface water or groundwater

municipal and industrial

By region:

Asia Pacific

Europe

North America

Rest of the World (RoW)

The report explores the recent developments and profiles of key vendors in the Global Water and Waste Recycling Market, including Dow Inc., DuPont de Nemours, Inc., Evoqua Water Technologies LLC, Koch Industries, Inc., Merck KGaA, Mitsui & Co., Ltd., Pall Corp., Pentair plc, Xylem, Inc., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global water and waste recycling market.

To classify and forecast the global water and waste recycling market based on technology, application, end user, region.

To identify drivers and challenges for the global water and waste recycling market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global water and waste recycling market.

To identify and analyze the profile of leading players operating in the global water and waste recycling market.

Why Choose This Report

Gain a reliable outlook of the global water and waste recycling market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY TECHNOLOGY

Chemical treatments and disinfection
Conventional wastewater treatment
Membrane bioreactor (MBR)
Membrane filtration
Others

PART 6. MARKET BREAKDOWN BY APPLICATION

Municipal
Industrial

PART 7. MARKET BREAKDOWN BY END USER

Agriculture
Direct potable

Surface water or groundwater
Municipal and industrial

PART 8. MARKET BREAKDOWN BY REGION

Asia Pacific
Europe
North America
Rest of the World (RoW)

PART 9. KEY COMPANIES

Dow Inc.
DuPont de Nemours, Inc.
Evoqua Water Technologies LLC
Koch Industries, Inc.
Merck KGaA
Mitsui & Co., Ltd.
Pall Corp.
Pentair plc
Xylem, Inc.
