Abstracts

Welding fume extraction equipment is a collection of devices that are designed to remove hazardous fumes and gases that are produced during welding and other high-temperature metalworking activities. The global welding fume extraction equipment market is expected to increase by USD 1.7 billion, at a compound annual growth rate (CAGR) of 5.34% from 2023 to 2029, according to the latest edition of the Global Welding Fume Extraction Equipment Market Report.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global welding fume extraction equipment market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, application, and region. The global market for welding fume extraction equipment can be segmented by product: mobile units, stationary units, large centralized units. Globally, the mobile units segment made up the largest share of the welding fume extraction equipment market. Welding fume extraction equipment market is further segmented by application: arc welding, resistance welding, oxy-fuel welding, laser beam welding, others. The arc welding segment captured the largest share of the market in 2022. Based on region, the welding fume extraction equipment market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. According to the research, Asia-Pacific had the largest share in the global welding fume extraction equipment market.

Market Segmentation

By product: mobile units, stationary units, large centralized units

By application: arc welding, resistance welding, oxy-fuel welding, laser beam welding, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report also provides a detailed analysis of several leading welding fume extraction equipment market vendors that include Donaldson Company, Inc., Lincoln Electric Holdings, Inc., Miller Electric Manufacturing Co., Nederman Holding AB, Parker Hannifin Corp., Sentry Air Systems, Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

Scope of the Report

To analyze and forecast the market size of the global welding fume extraction equipment market.

To classify and forecast the global welding fume extraction equipment market based on product, application, region.

To identify drivers and challenges for the global welding fume extraction equipment market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global welding fume extraction equipment market.

To identify and analyze the profile of leading players operating in the global welding fume extraction equipment market.

Why Choose This Report

Gain a reliable outlook of the global welding fume extraction equipment market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints

PART 5. MARKET BREAKDOWN BY PRODUCT

Mobile units
Stationary units
Large centralized units

PART 6. MARKET BREAKDOWN BY APPLICATION

Arc welding
Resistance welding
Oxy-fuel welding
Laser beam welding
Others

PART 7. MARKET BREAKDOWN BY REGION

North America
Europe

Asia-Pacific
MEA (Middle East and Africa)
Latin America

PART 8. KEY COMPANIES

Donaldson Company, Inc.
Lincoln Electric Holdings, Inc.
Miller Electric Manufacturing Co.
Nederman Holding AB
Parker Hannifin Corp.
Sentry Air Systems, Inc.

DISCLAIMER

I would like to order

Product name: Global Welding Fume Extraction Equipment Market 2023-2029

Product link: <https://marketpublishers.com/r/G6731E113A04EN.html>

Price: US\$ 2,150.00 (Single User License / Electronic Delivery)
