## Abstracts

Welding fume extraction equipment is a collection of devices that are designed to remove hazardous fumes and gases that are produced during welding and other high-temperature metalworking activities. The global welding fume extraction equipment market is expected to increase by USD 1.7 billion, at a compound annual growth rate (CAGR) of 5.34% from 2023 to 2029, according to the latest edition of the Global Welding Fume Extraction Equipment Market Report.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global welding fume extraction equipment market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, application, and region. The global market for welding fume extraction equipment can be segmented by product: mobile units, stationary units, large centralized units. Globally, the mobile units segment made up the largest share of the welding fume extraction equipment market. Welding fume extraction equipment market is further segmented by application: arc welding, resistance welding, oxy-fuel welding, laser beam welding, others. The arc welding segment captured the largest share of the market in 2022. Based on region, the welding fume extraction equipment market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. According to the research, Asia-Pacific had the largest share in the global welding fume extraction equipment market.

### Market Segmentation

By product: mobile units, stationary units, large centralized units

By application: arc welding, resistance welding, oxy-fuel welding, laser beam welding, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The report also provides a detailed analysis of several leading welding fume extraction equipment market vendors that include Donaldson Company, Inc., Lincoln Electric Holdings, Inc., Miller Electric Manufacturing Co., Nederman Holding AB, Parker Hannifin Corp., Sentry Air Systems, Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

### Scope of the Report

To analyze and forecast the market size of the global welding fume extraction equipment market.

To classify and forecast the global welding fume extraction equipment market based on product, application, region.

To identify drivers and challenges for the global welding fume extraction equipment market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global welding fume extraction equipment market.

To identify and analyze the profile of leading players operating in the global welding fume extraction equipment market.

### Why Choose This Report

Gain a reliable outlook of the global welding fume extraction equipment market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

## Contents

### **PART 1. INTRODUCTION**

Report description  
Objectives of the study  
Market segment  
Years considered for the report  
Currency  
Key target audience

### **PART 2. METHODOLOGY**

### **PART 3. EXECUTIVE SUMMARY**

### **PART 4. MARKET OVERVIEW**

Introduction  
Drivers  
Restraints

### **PART 5. MARKET BREAKDOWN BY PRODUCT**

Mobile units  
Stationary units  
Large centralized units

### **PART 6. MARKET BREAKDOWN BY APPLICATION**

Arc welding  
Resistance welding  
Oxy-fuel welding  
Laser beam welding  
Others

### **PART 7. MARKET BREAKDOWN BY REGION**

North America  
Europe

Asia-Pacific  
MEA (Middle East and Africa)  
Latin America

## **PART 8. KEY COMPANIES**

Donaldson Company, Inc.  
Lincoln Electric Holdings, Inc.  
Miller Electric Manufacturing Co.  
Nederman Holding AB  
Parker Hannifin Corp.  
Sentry Air Systems, Inc.

## **DISCLAIMER**

## I would like to order

Product name: Global Welding Fume Extraction Equipment Market 2023-2029

Product link: <https://marketpublishers.com/r/G6731E113A04EN.html>

Price: US\$ 2,150.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:
