Abstracts

Welding is a fabrication process whereby two or more parts are fused together by means of heat, pressure or both forming a join as the parts cool. Welding is usually used on metals and thermoplastics but can also be used on wood. The market for welding-related products worldwide is expected to reach USD 35,326 million by 2028, recording a CAGR of 5.2% over the forecast period as per the latest report by Gen Consulting Company.

The report provides in-depth analysis and insights regarding the current global market scenario, latest trends and drivers into global welding-related products market. It offers an exclusive insight into various details such as market size, key trends, competitive landscape, growth rate and market segments. This study also provides an analysis of the impact of the COVID-19 crisis on the welding-related products industry.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, technology, application, and region. The global market for welding-related products can be segmented by product: gases, protective equipment, welding consumables, welding equipment, others. The welding consumables segment is estimated to account for the largest share of the global welding-related products market. Welding-related products market is further segmented by technology: arc welding, radiant energy welding, resistance welding, solid-state welding, thermochemical welding, others. The arc welding segment held the largest revenue share in 2021. Based on application, the welding-related products market is segmented into: automotive, chemical & petrochemical, civil & infrastructure, machine-building, power, shipbuilding, others. On the basis of region, the welding-related products market also can be divided into: Asia Pacific, Europe, North America, Rest of the World (RoW).

By product:

gases

protective equipment

welding consumables

welding equipment

others

By technology:

arc welding

radiant energy welding

resistance welding

solid-state welding

thermochemical welding

others

By application:

automotive

chemical & petrochemical

civil & infrastructure

machine-building

power

shipbuilding

others

By region:

Asia Pacific

Europe

North America

Rest of the World (RoW)

The report has also analysed the competitive landscape of the global welding-related products market with some of the key players being Air Liquide S.A., Atlantic China Welding Consumables, Inc., Colfax Corporation, DAIHEN Corporation, EWM AG, Fronius International GmbH, HYUNDAI WELDING CO., LTD., Illinois Tool Works Inc, Kislwel Co., Ltd., among others.

Historical & Forecast Period

This research report provides analysis for each segment from 2018 to 2028 considering 2021 to be the base year.

Scope of the Report

To analyze and forecast the market size of the global welding-related products market.

To classify and forecast the global welding-related products market based on product, technology, application, region.

To identify drivers and challenges for the global welding-related products market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global welding-related products market.

To identify and analyze the profile of leading players operating in the global welding-related products market.

Why Choose This Report

Gain a reliable outlook of the global welding-related products market forecasts from 2022 to 2028 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

Contents

PART 1. INTRODUCTION

Report description
Objectives of the study
Market segment
Years considered for the report
Currency
Key target audience

PART 2. METHODOLOGY

PART 3. EXECUTIVE SUMMARY

PART 4. MARKET OVERVIEW

Introduction
Drivers
Restraints
Impact of COVID-19 pandemic

PART 5. MARKET BREAKDOWN BY PRODUCT

Gases
Protective equipment
Welding consumables
Welding equipment
Others

PART 6. MARKET BREAKDOWN BY TECHNOLOGY

Arc welding
Radiant energy welding
Resistance welding
Solid-state welding
Thermochemical welding
Others

PART 7. MARKET BREAKDOWN BY APPLICATION

Automotive
Chemical & petrochemical
Civil & infrastructure
Machine-building
Power
Shipbuilding
Others

PART 8. MARKET BREAKDOWN BY REGION

Asia Pacific
Europe
North America
Rest of the World (RoW)

PART 9. KEY COMPANIES

Air Liquide S.A.
Atlantic China Welding Consumables, Inc.
Colfax Corporation
DAIHEN Corporation
EWM AG
Fronius International GmbH
HYUNDAI WELDING CO., LTD.
Illinois Tool Works Inc
Kiswel Co., Ltd.
