## Abstracts

Window films are thin polyester or vinyl films that are applied to the interior or exterior of a window. They are designed to reduce the amount of heat, glare, and UV radiation that passes through the glass, while also providing privacy and security. According to the latest data, the market size of the global window films sector is expected to rise by USD 4.3 billion with a CAGR of 5.33% by the end of 2029.

The report covers market size and growth, segmentation, regional breakdowns, competitive landscape, trends and strategies for global window films market. It presents a quantitative analysis of the market to enable stakeholders to capitalize on the prevailing market opportunities. The report also identifies top segments for opportunities and strategies based on market trends and leading competitors' approaches.

This industry report offers market estimates and forecasts of the global market, followed by a detailed analysis of the product, end user, and region. The global market for window films can be segmented by product: decorative films, insulating films, privacy films, security and safety films, UV blocking films, others. The UV blocking films segment captured the largest share of the market in 2022. Window films market is further segmented by end user: automotive, building and construction (residential and commercial), marine, others. The building and construction segment held the largest share of the global window films market in 2022 and is anticipated to hold its share during the forecast period. Based on region, the window films market is segmented into: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America. In 2022, North America made up the largest share of revenue generated by the window films market.

The building and construction market is further segmented into commercial, residential. According to the research, the residential segment had the largest share in the global window films market, accounting for more than 63.5% of the total market.

## Market Segmentation

By product: decorative films, insulating films, privacy films, security and safety films, UV blocking films, others

By end user: automotive, building and construction (residential and commercial), marine, others

By region: North America, Europe, Asia-Pacific, MEA (Middle East and Africa), Latin America

The global window films market report offers detailed information on several market vendors, including 3M Company, Avery Dennison Corporation, Beijing Kangde Xin Composite Material Co., Ltd., Compagnie de Saint-Gobain S.A., Eastman Chemical Company, Hanita Coatings RCA Ltd., Hyosung Chemical Corporation, Johnson Laminating & Coating Inc., LINTEC Corporation, Madico, Inc., Nexfil Co., Ltd., Toray Industries, Inc., among others. In this report, key players and their strategies are thoroughly analyzed to understand the competitive outlook of the market.

## Scope of the Report

To analyze and forecast the market size of the global window films market.

To classify and forecast the global window films market based on product, end user, region.

To identify drivers and challenges for the global window films market.

To examine competitive developments such as mergers & acquisitions, agreements, collaborations and partnerships, etc., in the global window films market.

To identify and analyze the profile of leading players operating in the global window films market.

## Why Choose This Report

Gain a reliable outlook of the global window films market forecasts from 2023 to 2029 across scenarios.

Identify growth segments for investment.

Stay ahead of competitors through company profiles and market data.

The market estimate for ease of analysis across scenarios in Excel format.

Strategy consulting and research support for three months.

Print authentication provided for the single-user license.

## Contents

### **PART 1. INTRODUCTION**

Report description  
Objectives of the study  
Market segment  
Years considered for the report  
Currency  
Key target audience

### **PART 2. METHODOLOGY**

### **PART 3. EXECUTIVE SUMMARY**

### **PART 4. MARKET OVERVIEW**

Introduction  
Drivers  
Restraints

### **PART 5. MARKET BREAKDOWN BY PRODUCT**

Decorative films  
Insulating films  
Privacy films  
Security and safety films  
UV blocking films  
Others

### **PART 6. MARKET BREAKDOWN BY END USER**

Automotive  
Building and construction (residential and commercial)  
Marine  
Others

### **PART 7. MARKET BREAKDOWN BY REGION**

North America

Europe

Asia-Pacific

MEA (Middle East and Africa)

Latin America

## **PART 8. KEY COMPANIES**

3M Company

Avery Dennison Corporation

Beijing Kangde Xin Composite Material Co., Ltd.

Compagnie de Saint-Gobain S.A.

Eastman Chemical Company

Hanita Coatings RCA Ltd.

Hyosung Chemical Corporation

Johnson Laminating & Coating Inc.

LINTEC Corporation

Madico, Inc.

Nexfil Co., Ltd.

Toray Industries, Inc.
