Abstracts

The global outlook series on Coal Industry provides a collection of statistical anecdotes, market briefs, and concise summaries of research findings.

The report offers a rudimentary overview of the industry, highlights latest trends and demand drivers, in addition to providing statistical insights.

Major regional markets abstracted and covered in the report include US, Canada, Europe (France, Germany, Italy, UK, Russia, Poland, Turkey, and Ukraine among others), Asia-Pacific (Japan, China, India, Australia, Indonesia, Taiwan, and South Korea among others), Middle East & Africa, Latin America.

The report offers a compilation of recent mergers, acquisitions, and strategic corporate developments.

Also included is an indexed, easy-to-refer, fact-finder directory listing the addresses, and contact details of 230 companies worldwide.
