Abstracts

The global outlook series on the Paper Packaging Industry provides a collection of statistical anecdotes, market briefs, and concise summaries of research findings.

The research paper provides a brief overview of the global paper packaging industry, enumerates recent developments, mergers, acquisitions, and other strategic industry activities, and provides a prelude to major markets.

Also provided are unbiased commentaries on select segments of the market, and summarized key trends and issues.

The research paper discusses trends in paper, and paperboard packaging in the industrial market, and is buttressed with information-rich market data tables, and accompanying charts, and graphs.

Regional markets discussed include the US, the UK, China, India, Vietnam, Latin America and South Africa.

Each of these markets is annotated with tables, and pictorial data for easy understanding.

Also included is a directory listing of addresses, and contact details of 551 companies worldwide.
