Satellites: Market Research Report

Date:	January 1, 2012
Pages:	181
Price:	US\$ 1,995.00
ID:	S39A74E44EFEN

The global outlook series on the Satellites Industry provides a collection of statistical anecdotes, market briefs, and concise summaries of research findings.

Illustrated with 22 fact-rich market data tables, the report offers a rudimentary overview of the industry and highlights latest trends and demand drivers.

Regional markets briefly abstracted and covered include North America (with particular focus on United States), Europe (the United Kingdom and Russia) Asia-Pacific (China, and India) Latin America and Middle East/Africa.

The report offers a compilation of recent mergers, acquisitions, and strategic corporate developments.

Also included is an indexed, easy-to-refer, fact-finder directory listing the addresses, and contact details of 206 companies worldwide.

1.INDUSTRY OVERVIEW

- Space Technologies: Global Landscape
- Global Satellite Industry - A Rudimentary Overview
- Global Satellite Services Market: Infrastructure and Consumer Services in Voice, Video and Data Segments
- Market Opportunities
- Key Challenges
- Barriers to Entry
- High Capex Requirements
- Spectrum Availability
- Existing Players Dominate the Market
- Receiving Dish Position
- Stringent Regulations
- Competing Technologies
- Bargaining Power of Buyers
- Impact of Recession in Retrospect
- Outlook
