Abstracts

The global outlook series on Shipbuilding and Repair Industry provides a collection of statistical anecdotes, market briefs, and concise summaries of research findings.

The report offers a bird's eye view of the industry, highlights latest market trends, and demand drivers, in addition to providing statistical insights into the current global shipbuilding and repair industry.

Discussion on the industry's most noteworthy regional markets, South Korea, Japan, and China, are amply detailed with unbiased research commentary and punctuated with 93 information rich market data tables designed to provide the reader a rudimentary understanding of the prevailing market climate.

Other markets briefly synopsized to offer the reader a prelude to regional dynamics, include Vietnam, Singapore, Malaysia, Australia, Europe, United States, South Africa, Bangladesh, Brazil, Greece, Taiwan, Philippines, Canada, and the Middle East.

Also included is an indexed, easy-to-refer, fact-finder directory listing the addresses, and contact details of 350 companies active in the market.
