

Wind Energy: Market Research Report

<https://marketpublishers.com/r/W7AE32A913FEN.html>

Date: January 2012

Pages: 450

Price: US\$ 4,500.00 (Single User License)

ID: W7AE32A913FEN

Abstracts

This report analyzes the worldwide markets for Wind Energy in Megawatts.

The report provides separate comprehensive analytics for the US, Canada, Japan, Europe, Asia Pacific, Africa/Middle East, and Latin America.

Annual estimates and forecasts are provided for the period 2009 through 2017.

Also, a six-year historic analysis is provided for these markets.

The report profiles 156 companies including many key and niche players such as American Electric Power, AES Corporation, Cielo Wind Power, LP, Dongfang Electric Corporation, Enel SpA, Enercon GmbH, Gamesa Corp., Green Mountain Energy Company, GE Energy, Goldwind, NextEra Energy Resources, Shell Windenergy Inc., Sinovel Wind Group Co., Suzlon Energy Limited, TransAlta Wind, and Vestas Wind Systems A/S.

Market data and analytics are derived from primary and secondary research.

Company profiles are primarily based upon search engine sources in the public domain.

Contents

I. INTRODUCTION, METHODOLOGY & PRODUCT DEFINITIONS

Study Reliability and Reporting Limitations
Disclaimers
Data Interpretation & Reporting Level
Quantitative Techniques & Analytics
Product Definition and Scope of Study
Wind Energy

II. EXECUTIVE SUMMARY 1. STUDY HIGHLIGHTS 2. INDUSTRY OVERVIEW

Outlook
Future Shift
Clean Energy Trends: The Changing Face of the Future
Wind Energy – A Promising Alternative Source of Energy for Future
Investments in Green Energy Rise, Wind Energy Takes a Dip
US Emerges on the Top in Investments
Tough Year Ahead for Clean Energy
Wind Industry: Polishing Up for a Larger Global Role
Onshore Technology Dominates Wind Energy Sector
Raw Material Price Drops Squeeze Turbine Manufacturers' Profitability
Wind Energy Market Raises a Toast Towards a Bright Future
The Outer Boundaries of Possibilities: Year 2020
Trends & Issues
Renewable Energy Expands Amid Economic Slowdown – A Recent Past Investment Scenario
Robust Developments in Wind Energy Sector to Continue in Near Term
Offshore Market to Sail Ahead of Onshore
A Market for Capturing the Winds!
Unraveling the Power of the Wind
What Makes Winds a Clean, Safe & Affordable Source of Energy?
Prospects of Wind Energy: Mystifying Favoritism?
Wind Energy Research Projects Get a Shot in the Arm
Europe and Asia-Pacific: Dominating the Wind Energy Industry
Denmark: A Model for Wind Energy Adoption
Developing World – An Upcoming Region
Growing Trend towards Off-Shore Wind Farms Across Western Europe

Surging Wind Energy Industry Fans Demand for Wind Turbines
Transforming Paradigms of Wind Energy
Whither the Wind Blows: A Statistical Fact Sheet Tracking Capacity Trends

Table 1. Worldwide New Capacity Installations in the Wind Energy Market: 2001-2010 (Capacity Additions in Megawatts) (includes corresponding Graph/Chart)

Table 2. Worldwide Leading Countries for New Capacity Installations in Wind Energy Market (2009 & 2010) – China, US, Spain, Germany, India, France, Italy, Canada, UK, Portugal, and Others (Capacity Additions in Megawatts) (includes corresponding Graph/Chart)

Trends in Cumulative Capacities

Table 3. Worldwide Leading Countries for Wind Energy (2009 & 2010): Installed Capacity in MW for China, US, Germany, Spain, India, Italy, France, UK, Portugal, Denmark, and Others (includes corresponding Graph/Chart)

Table 4. Worldwide Leading Countries for Wind Energy Installed Capacity (2010): Percentage Breakdown for China, US, Germany, Spain, India, Italy, France, UK, Portugal, Denmark, and Others (includes corresponding Graph/Chart)

Wind Energy Caught “in the thick” Despite Expectations of Spectacular Growth
Factors Influencing the Market

Growing Environmental Concerns

Increasing Regulations

Rising Electricity Consumption & Energy Prices

Decreasing Costs of Wind Energy

Factors Responsible for Decreasing Costs of Wind Energy Generation

Promotion Systems for Wind Energy

Spiraling Effect of International Wind Energy Incentives

Technological Advancements in Wind Turbines & Other Components

Flawed Infrastructure Continues to Haunt the Wind Industry

Gearboxes and Geared Motors - Transformation Undertaken by the European
Manufacturers

Major Markets – An Overview

China

Table 5. Wind Energy Capacity in China: 2008-2010 (In Megawatts) (includes corresponding Graph/Chart)

The United States

Table 6. Wind Energy Capacity in the United States: 2008-2010 (In Megawatts) (includes corresponding Graph/Chart)

Germany

Table 7. Wind Energy Capacity in Germany: 2008-2010 (In Megawatts) (includes corresponding Graph/Chart)

Spain

Table 8. Wind Energy Capacity in Spain: 2008-2010 (In Megawatts) (includes corresponding Graph/Chart)

India

Table 9. Wind Energy Capacity in India: 2008-2010 (In Megawatts) (includes corresponding Graph/Chart)

Emerging Markets – An Overview

Brazil

Canada

Table 10. Wind Energy Capacity in Canada: 2008-2010 (In Megawatts) (includes corresponding Graph/Chart)

The Netherlands

Table 11. Wind Energy Capacity in the Netherlands: 2008-2010 (In Megawatts)
(includes corresponding Graph/Chart)

The United Kingdom

Table 12. Wind Energy Capacity in the United Kingdom: 2008-2010 (In Megawatts)
(includes corresponding Graph/Chart)

Market Structure

Structural Overview of the Global Wind Energy Market

Classification of Environment Driven & Energy Driven Markets

Leading Players in the World Market for Wind Turbines

Table 13. Leading Wind Turbine Suppliers Worldwide (2010): Market Share Breakdown
for Vestas, Sinovel, GE Wind, Goldwind, Enercon, Suzlon, Dongfang, Gamesa,
Siemens, United Power, and Others (includes corresponding Graph/Chart)

3.WIND ENERGY - A CONCEPT SCAN

Wind Power: A Natural Renewable Energy Source

Wind Energy - Basics

Description

Benefits of Wind Generated Electrical Power

Typical Factors Impeding Widespread Deployment of Wind Energy

Wind Speed – An Important Factor for Power Generation

Wind Energy Exploitation & Development: Economic Viability

Improving the Value of Wind Electricity

Cost Reduction

Identifying Locations for Prospective Wind Farms

Reduction of Uncertainties

Reduction of Environmental Impact

Infrastructure Development

Implementing Favorable National & International Environmental & Energy Policies

Education & Human Resource Development

Cost Structure of Wind Energy

Consistency of Wind Speeds

Technical Design Lifetime of Turbines
Amortization Period
Building Wind Farms... Making the Right Choice

Table 14. Worldwide Leading Wind Farm Operators (2007): Ranked by Megawatt Capacity Operated – Babcock & Brown Windpartner, Iberdola, Acciona Windpower, Florida Power & Light, EDP Electricidade de Portugal, and Longyuan Electric Power Group (includes corresponding Graph/Chart)

Offshore Wind Energy: The Next Great Leap for the Wind Industry

Table 15. Worldwide Offshore Projects with Installed Capacity in MW: 1990-2008

Offshore Wind Energy, Wave Energy & Tidal Energy – Ocean Based Electricity Generators
Offshore Wind Energy
Wave Energy
Tidal Energy
Future of Ocean Based Power

4.WIND POWER TECHNOLOGY

Wind Turbines: A Definition
Design Configurations of Wind Turbines
Horizontal and Vertical Axis Designs
Number of Blades

Table 16. % Commercial Wind Turbines (of over 30 kW) with 1, 2 & 3 Blade Designs (includes corresponding Graph/Chart)

Variable Speed Designs
A Working Model of a Wind Turbine
Wind Energy and Wind Turbine – Notable Facts
Small Wind Turbines: Contraptions of Simplicity & Efficiency
Large/Hybrid Power Wind Turbines: A Technical Insight
Hybrid Power Wind Turbines: The Latest in Vogue

Wind Energy Component Manufacture – An Untaken Business Opportunity

Table 17. Leading Players in the Global Yaw and Pitch Drive Market (2009):
Percentage Breakdown by Volume Sales for Bonfiglioli, Comer, Zollern, Nanjing,
Brevini, Liebherr, Nabtesco, Rexroth, and Others (includes corresponding Graph/Chart)

5.EVOLVING TRENDS IN POWER GENERATION

Energy Portfolio of Industrialized & Developing Countries

After Fossil Fuels...What?

Biomass Energy

Geothermal Power

Hydropower

Solar Photovoltaic (PV) Energy

Solar Thermal Energy

Wind Power Energy

Renewable Energy Poised to Scale New Heights

European Renewable Market – An Opportunity for the US Clean Energy Companies

Is Fossil Fuel Run Automobiles Becoming a Concept of the Past?

Wind Energy: 'The Green Push'

Wind Energy Going Easy on the Environment

Impact of Wind Energy on the Environment

Television & Radio Transmission Disruptions

Impact on Birds/Wildlife

Noise Pollution

Visual Effects

Navigational Hazards

Erosion

Current Regulatory Stance

The Kyoto Protocol: Cracking the Whip on Fossil Fuel Emissions

Carbon Credit: An Innovative Approach to Curb GHG Emissions

6.PRODUCT INNOVATIONS/INTRODUCTIONS

Gamesa Introduces G97 2MW Turbine in North America

Iberdola Unveils International Wind Power Monitoring System in the US

GE Unveils New Variant of 2.5MW Wind Turbines in Germany

Siemens Introduces New Gearless Wind Turbine

GE to Introduce 2.5MW Wind Turbine in North America
Vestas Launches V112-3.0 MW Offshore Turbine
Siemens Introduces 3.6MW Wind Turbine
Sinovel Develops 3MW Wind Turbine
Earthtronic Unveils Honeywell Wind Turbine
StatoilHydro Unveils Novel Floating Turbine
Gravitec Introduces Rescue System for Wind Turbines
Cascade Unveils Wind Turbine System for Homeowners and Businesses
Dow Launches AIRSTONETM Systems for WIND ENERGY
Acciona Introduces Tatanka Wind Farm
Solar Night Industries Launches Skystream 3.7 Wind Turbine
Cuba Opens First Wind Power Project
Endesa Europe Launches Lehaucourt Wind Farm
So Siegfriedsen Develops Wind Energy Plant
PacWind Releases Proprietary Wind Energy Applications
Chinese Developers Display New Wind Power Generator
Eurus Launches First Wind Power Project
GE Unveils New Version of 2.5xl Wind Turbine
Texas Based Inventor Develops Wind Energy Conversion System
Second Wind Unveils New SCADA Node
Canadian Government Launches Wind Energy Mapping Software
GE Energy Introduces 1.5xle Unit
Vexcel Builds New Software Solution
REpower Displays New Wind Turbine at German Wind Energy Trade Fair
GE Energy Introduces New Wind Turbine Technology
Enercon Starts Production of New Turbines

7.RECENT INDUSTRY ACTIVITY

Cleanfield to Merge with WePOWER
WindPower Innovations to Take Over Energetic Drives and XH Industries
Wind Works Power Corp. Acquires Zero Emission People LLC
Iberdrola Renovables Acquires El Andevalo Wind Farm
Constellation Energy Takes Over Criterion Wind Power Project
Xtreme Power, First WIND Sign Collaboration Pact
Suzlon Secures 18MW Wind Energy Contract From GSFC
Nalco to Establish Wind Energy Project in India
GE Pockets ScanWIND
Enel Buys Minority Interest in Geronimo Wind Energy

Terra Firma Acquires EverPower
Navajo Acquires GJCL
FPL Energy Renames to NextEra Energy Resources
Martifer and Hirschfeld Form JV
PG&E Collaborates with Iberdola Renewables to Take Over Wind Power Plant
Azuro Energy Collaborates with Raum Energy
US-REG and A-Power Ink Agreement
Nordic Windpower USA Secures Contract for 19 Wind Turbine Projects
Wind Works Power Corp. Buys Stake in Six Wind Energy Projects
GE to Establish Wind Turbine Plant in India
Suzlon's Subsidiary to Divest Stake in Hansen

8. STRATEGIC CORPORATE DEVELOPMENTS – A HISTORIC PERSPECTIVE BUILDER

Suzlon Energy to Take Over Honiton Energy Holdings
EDP Acquires Hydra Energy's Wind Energy Projects
Clipper Windpower Collaborates with BP
GE Inks Agreement with Invenergy
Dakota To Develop Utility Scale Wind Projects
Dominion Attains 50% Stake in BP's Flower Ridge Project
GE Bags Major Contract from RES
TransAlta To Develop Wind Project in Canada
MSPL To Expand Energy Capacity
Suzlon Receives Repeat Order from HWE
Pacific Hydro Inks Agreement with Suzlon
Wind Energy America Acquires Boreal
HWE Places Order for Wind Turbines to Suzlon
GE Energy Bags Major Contract from EDP
CIRI Partners with EnXco
E.ON Pockets Airtricity North America
Freenergy and Vardar Acquires Tooma Tuulepark
Babcock & Brown Acquires Bluewater Wind
AEP Inks Agreement with Camp Grove
AES to Expand Buffalo Gap Facility
AES Acquires Wind Energy Projects from GE
EMG Pockets Goat Mountain
Canadian Hydro Developers Pockets Le Nordais Facility
SkyPower Divests Terrawinds Project

Suez Acquires Ventus
Marubeni Acquires Majority Stake in Oak Creek
Fersa Acquires Majority Stake in Estonian Est
Iberdrola Pockets CPV
Hendricks Pockets Roug
Greentech Expands Wind Energy Portfolio
GDF Acquires Nass and Wind
EDP Pockets HWE
Ampal Partners with Clal
AES Forms Alliance with Guohua
Suzlon Acquires REpower
BP to Begin Construction of 5 US Wind Power Projects
Airtricity Completes Forest Creek Wind Farm
EMG and USWF Collaborate for Developing Wind Farms
enXco Inks O&M Agreement for Camp Grove
Finavera Renewables Enters into a Purchase Agreement for 150MW Canadian Project
Midwest Wind Energy to Construct 100MW Wind Farm
Canadian Hydro Buys Vector Wind Energy of Ottawa for C\$5.3 million
TransAlta and New Brunswick Sign Long-Term Power Contract
RWE Joins Forces with Suzlon for Wind Energy Project
Suncor Energy and Acciona Commence Construction of Ontario Project
Siemens Bags Large Order for Wind Turbines
Endesa Acquires Italian Wind Power Capacity from Gamesa
Elecnor and Endesa Partner to Develop Marine Wind Energy Projects in Spain
EUFER Begins Construction of Galicia Wind Farms
Theolia Forms a Strategic Alliance with GE Energy Financial Services
EdP Expands Investment in Wind Energy
Shell Wind Energy Completes Egmond aan Zee Offshore Wind Project

9.FOCUS ON SELECT GLOBAL PLAYERS

American Electric Power (US)
AES Corporation (US)
Cielo Wind Power, LP (US)
Dongfang Electric Corporation (China)
Enel SpA (Italy)
Enercon GmbH (Germany)
Gamesa Corp. (Spain)
Green Mountain Energy Company (US)

GE Energy (US)
Goldwind (China)
NextEra Energy Resources (US)
Shell WindEnergy, Inc. (US)
Sinovel Wind Group Co. (China)
Suzlon Energy Limited (India)
TransAlta Wind (Canada)
Vestas Wind Systems A/S (Denmark)

10.GLOBAL MARKET PERSPECTIVE

Table 18. World Recent Past, Current & Future Analysis of Installed Wind Energy Capacities by Geographic Region – US, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Middle East & Africa, and Latin American Markets Independently Analyzed in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 19. World Recent Past, Current & Future Analysis of Wind Energy Capacity Additions by Geographic Region – US, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Middle East & Africa, and Latin American Markets Independently Analyzed in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 20. World Historic Review of Installed Wind Energy Capacity by Geographic Region – US, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Middle East & Africa, and Latin American Markets Independently Analyzed in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 21. World Historic Review of Wind Energy Capacity Additions by Geographic Region – US, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Middle East & Africa, and Latin American Markets Independently Analyzed in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 22. World 15-Year Perspective for Wind Energy by Geographic Region – Percentage Breakdown of Installed Annual Capacity for US, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Middle East & Africa, and Latin American Markets for the Years 2003, 2011 & 2017(includes corresponding Graph/Chart)

Table 23. World 15-Year Perspective for Wind Energy by Geographic Region –

Percentage Breakdown of Capacity Additions for US, Canada, Japan, Europe, Asia-Pacific (excluding Japan), Middle East & Africa, and Latin American Markets for the Years 2003, 2011 & 2017(includes corresponding Graph/Chart)

III. MARKET1.THE UNITED STATES

A. Market Analysis

Brief Overview of the American Wind Energy Market
United States: Waking From the Rip Van Winkle Slumber

Table 24. Leading Wind Turbine Manufacturers in the US (2009): Breakdown of Turbine Installed Capacity and Number of Turbines for GE Energy, Vestas, Siemens, Mitsubishi, and Suzlon (includes corresponding Graph/Chart)

Table 25. Leading US Wind Energy Owners by Cumulative Installed Capacity (2010) (includes corresponding Graph/Chart)

Table 26. Leading US States by Percentage of Power Generated From Wind (2009) (includes corresponding Graph/Chart)

Table 27. Leading US States by Cumulative Installed Capacity in Megawatts (2010) (includes corresponding Graph/Chart)

Factors Influencing Wind Energy Growth in the US

Trends & Issues

Expanding Market for Small Wind Turbines in US

The American Recovery and Reinvestment Act Provides Impetus to the Market

PTC Extension Restores Market Momentum

US Sheds its Image of a Major Consumer of Fossil Fuels

A Peek into the Resurgence of Wind Energy in the US

Key Developmental Concerns

Technologies

Inadequate Transmission Infrastructure

Transmission Penalties - A Drag on Competitiveness

Farmers in the US – The Supreme Beneficiaries of Wind Energy

Table 28. Largest Wind Farm Projects in the US (2010) (includes corresponding

Graph/Chart)

A Windmap of Windpower Status

California

Illinois

Minnesota

Texas

Iowa

Washington

Key Players

Navitas Energy

TXU Energy

B. Market Analytics

Table 29. The US Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 30. The US Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 31. The US Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 32. The US Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

2.CANADA

A. Market Analysis

A Brief Overview of the Canadian Wind Energy Market

Drawn by the Piper's Tune

Trends & Issues

Canada: High on Winds

Ontario – A Leader in the Making

Table 33. Wind Energy Market in Canada (2009): Percentage Share Breakdown of Installed Capacity (In MW) by leading Province –Ontario, Quebec, Alberta, New Brunswick, Saskatchewan, Prince Edward Island, Nova Scotia, Manitoba, British Columbia and Newfoundland and Labrador (includes corresponding Graph/Chart)

Kyoto Plan – Major Benefit for Wind Energy Expansion
Changing Phase in Canadian Wind Energy Industry
Key Player Review
Suncor Energy Inc.
B. Market Analytics

Table 34. Canadian Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 35. Canadian Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 36. Canadian Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 37. Canadian Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

3.JAPAN

A. Market Analysis
A Brief Overview of the Japanese Wind Energy Market
Catching Up with the Winds
B. Market Analytics

Table 38. Japanese Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 39. Japanese Recent Past, Current & Future Analysis of Wind Energy Capacity

Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 40. Japanese Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 41. Japanese Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

4.EUROPE

A. Market Analysis

Trends & Issues

EC's New Proposals for Promoting Wind Energy & Other Renewables

A Prelude to the Wind Industry in Europe

Table 42. Energy Mix Evolution in the EU (1998 & 2008): Percentage Share Breakdown by Elements – Coal, Nuclear, Large hydro, Fuel Oil, Natural Gas, Wind, Biomass and Others (includes corresponding Graph/Chart)

Table 43. Electricity Market in Europe (2008): Percentage Breakdown of New Capacity Addition by Fuel Source – Natural Gas, Wind, Nuclear, Coal, and Others (includes corresponding Graph/Chart)

The Green Certificates System Catching Up with Europe

EU Renewables Directive: Creating Potential Partnerships

Competitive Structure of the Wind Power Market in the European Union

Potential Increase in Wind Power Capacity

Table 44. Wind Power Capacity Increase in Europe (2009-2020): Percentage Share Breakdown by Leading Countries –Germany, Spain, UK, France, Italy, Poland, Sweden, The Netherlands, Greece, Iceland and Others (In GW) (includes corresponding Graph/Chart)

Table 45. EU Electricity Production from Wind Energy (2000-2030): Annual Breakdown by Methods -Onshore and Offshore (In TWh) (includes corresponding Graph/Chart)

Table 46. Wind Energy Market in Europe (2009-2030): Breakdown by New Capacity, Decommissioning and Total Capacity (In GW) (includes corresponding Graph/Chart)

B. Market Analytics

Table 47. European Recent Past, Current & Future Analysis of Installed Wind Energy Capacity by Geographic Region – Austria, Denmark, France, Germany, Greece, Italy, UK, Spain, The Netherlands, Portugal, and Rest of Europe Markets Independently Analyzed in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 48. European Recent Past, Current & Future Analysis of Wind Energy Capacity Additions by Geographic Region – Austria, Denmark, France, Germany, Greece, Italy, UK, Spain, The Netherlands, Portugal, and Rest of Europe Markets Independently Analyzed in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 49. European Historic Review of Installed Wind Energy Capacity by Geographic Region – Germany, Spain, Denmark, Italy, United Kingdom, The Netherlands, Greece, France, Portugal, Austria and Rest of Europe Markets Independently Analyzed in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 50. European Historic Review of Wind Energy Capacity Additions by Geographic Region – Austria, Denmark, France, Germany, Greece, Italy, UK, Spain, The Netherlands, Portugal, and Rest of Europe Markets Independently Analyzed in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 51. European 15-Year Perspective for Wind Energy by Geographic Region – Percentage Breakdown of Installed Annual Capacity for Austria, Denmark, France, Germany, Greece, Italy, UK, Spain, The Netherlands, Portugal, and Rest of Europe Markets for the Years 2003, 2011 & 2017 (includes corresponding Graph/Chart)

Table 52. European 15-Year Perspective for Wind Energy by Geographic Region – Percentage Breakdown of Capacity Additions for Austria, Denmark, France, Germany, Greece, Italy, UK, Spain, The Netherlands, Portugal, and Rest of Europe Markets for the Years 2003, 2011 & 2017 (includes corresponding Graph/Chart)

4A.AUSTRIA

A. Market Analysis

Market

Single Energy Act for Easy Growth

Table 53. Leading Wind Turbine Manufacturers in Austria (2007) – Percentage Breakdown of Turbine Installed Capacity for GE Wind Energy, Vestas, Enercon, REpower, Jeumont, Gamesa, Windmaster and Nordex (includes corresponding Graph/Chart)

B. Market Analytics

Table 54. Austrian Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 55. Austrian Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 56. Austrian Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 57. Austrian Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

4B.DENMARK

A. Market Analysis

A Brief Overview of the Danish Wind Energy Market

Powering up Growth Engines

Demystifying the Success of the Danish Wind Industry

Danish Wind Turbines: An Embodiment of Commercial Success

B. Market Analytics

Table 58. Danish Recent Past, Current & Future Analysis of Installed Wind Energy

Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 59. Danish Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 60. Danish Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 61. Danish Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

4C.FRANCE

A. Market Analysis

An Overview of Wind Energy Sector

B. Market Analytics

Table 62. French Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 63. French Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the years 2009 through 2017 (includes corresponding Graph/Chart)

Table 64. French Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 65. French Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

4D.GERMANY

A. Market Analysis

A Brief Overview of the German Wind Energy Market

An Illustrious Model for the Aspiring Global Wind Industry

New Renewable Energy Law Spurs Wind Energy Expansion

Table 66. Leading Sources of Energy in Germany – Ranked by Their Popularity on a Scale of 1-10 (includes corresponding Graph/Chart)

Table 67. Leading Wind Turbines Manufacturers in Germany (2009): Percentage Breakdown by Turbine Installed Capacity for Enercon, Vestas, REpower Systems, Fuhrlander, Nordex, GE Energy, and Others (includes corresponding Graph/Chart)

Key Player

B. Market Analytics

Table 68. German Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 69. German Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 70. German Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 71. German Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

4E.GREECE

A. Market Analysis

A Brief Overview of the Grecian Wind Energy Market

A Windy Greece Promises Much

A Grecian Scenario

B. Market Analytics

Table 72. Greek Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding

Graph/Chart)

Table 73. Greek Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 74. Greek Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 75. Greek Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

4F.ITALY

A. Market Analysis

A Brief Overview of the Italian Wind Energy Market
Zeroing In on the Benefits of Green Energy

Table 76. Wind Energy Market in Italy (2009): Percentage Share Breakdown of Installed Capacity (In MW) by leading Regions (includes corresponding Graph/Chart)

Leading Wind Energy Producers & Turbine Manufacturers
Leading Wind Turbine Component Suppliers in Italy
Key Player

B. Market Analytics

Table 77. Italian Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 78. Italian Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 79. Italian Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 80. Italian Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

4G.THE UNITED KINGDOM

A. Market Analysis

A Brief Overview of the Wind Energy Market in the UK

Heading Towards a Green Future

Trends & Issues

Ready for Expansion

UK's Large Wind Farms in Operation

UK Takes the Cue from Offshore Winds

Government Promotes Offshore Wind Farms

B. Market Analytics

Table 81. UK Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 82. UK Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 83. UK Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 84. UK Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

4H.SPAIN

A. Market Analysis

A Brief Overview of the Spanish Wind Energy Market

Spotlight on Southern Europe's Powerhouse of Wind Energy

Changes do not Impact Wind Industry Growth

Gamesa Fortifies Strength in Spanish Wind Turbines Market

Table 85. Leading Wind Turbine Manufacturers in Spain (2010): Percentage

Breakdown of Installed Capacity for Gamesa, Vestas, Acciona and Others

B. Market Analytics

Table 86. Spanish Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 87. Spanish Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 88. Spanish Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 89. Spanish Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

4I.THE NETHERLANDS

A. Market Analysis

A Brief Overview of the Wind Energy Market in the Netherlands

Taking a crack at Green Energy

B. Market Analytics

Table 90. Dutch Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017. (Includes corresponding Graph/Chart)

Table 91. Dutch Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 92. Dutch Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 93. Dutch Historic Review of Wind Energy Capacity Additions in Megawatts for

the Years 2003 through 2008 (includes corresponding Graph/Chart)

4J.PORTUGAL

A. Market Analysis

Leading Wind Energy Developers and Turbine Manufacturers

B. Market Analytics

Table 94. Portuguese Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 95. Portuguese Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 96. Portuguese Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 97. Portuguese Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

4K.REST OF EUROPE

A. Market Analysis

A Brief Overview of Select Markets

Sweden

Table 98. Operating Wind Farms (>15MW) in Sweden (2008): By Capacity (In MW) (includes corresponding Graph/Chart)

Table 99. Wind Farms Under Construction in Sweden (2008-2012) (includes corresponding Graph/Chart)

Czech Republic

Norway

Poland

Table 100. Operating Wind Farms (>20MW) in Poland (2009): By Capacity (In MW)
(includes corresponding Graph/Chart)

Turkey

Table 101. Wind Farm Projects Under Construction in Turkey (2010) (includes corresponding Graph/Chart)

B. Market Analytics

Table 102. Rest of Europe Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 103. Rest of Europe Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 104. Rest of Europe Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 105. Rest of Europe Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

5.ASIA-PACIFIC

A. Market Analysis

Key Players

Enercon (India) Ltd (India)

B. Market Analytics

Table 106. Asia-Pacific Recent Past, Current & Future Analysis of Installed Wind Energy Capacity by Geographic Region - India, China, Australia, and Rest of Asia-Pacific Independently Analyzed in Megawatts for the Years 2009 through 2017

(includes corresponding Graph/Chart)

Table 107. Asia-Pacific Recent Past, Current & Future Analysis of Wind Energy Capacity Additions by Geographic Region - India, China, Australia, and Rest of Asia-Pacific in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 108. Asia-Pacific Historic Review of Installed Wind Energy Capacity by Geographic Region - India, China, Australia, and Rest of Asia-Pacific Independently Analyzed in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 109. Asia-Pacific Historic Review of Wind Energy Capacity Additions by Geographic Region - India, China, Australia, and Rest of Asia-Pacific Independently Analyzed in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 110. Asia-Pacific 15-Year Perspective for Wind Energy by Geographic Region – Percentage Breakdown of Installed Capacity in Megawatts for India, China, Australia, and Rest of Asia-Pacific for the Years 2003, 2011 & 2017 (includes corresponding Graph/Chart)

Table 111. Asia-Pacific 15-Year Perspective for Wind Energy by Geographic Region – Percentage Breakdown of Capacity Additions in Megawatts for India, China, Australia, and Rest of Asia-Pacific for the Years 2003, 2011 & 2017 (includes corresponding Graph/Chart)

5A.CHINA

A. Market Analysis

A Brief Overview of the Chinese Wind Energy Market

China – The Largest and Fastest Growing Wind Energy Market Worldwide

Renewable Energy Sources – Need of the Hour

Law on Renewable Resources – Promoting Alternate Energy

Wind Energy – High Potential for Growth

China to Dominate Worldwide Developments in the Wind Energy Sector

Table 112. Leading Wind Turbine Manufacturers in China (2008): Percentage

Breakdown of Turbine Sales for Sinovel, Goldwind, Dongfang (DFEM), Vestas, Gamesa, Suzlon, Nordex, Acciona, GE and Others (includes corresponding Graph/Chart)

B. Market Analytics

Table 113. Chinese Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 114. Chinese Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 115. Chinese Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 116. Chinese Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

5B.INDIA

A. Brief Overview of the Indian Wind Energy Market

A Developing Pioneer of Wind Energy

Indian Wind Energy Industry – Marching Ahead

Renewable Energy Act, 2005

Renewable Energy Market in India – A Primer

Suzlon Loses Grip, as European Giants Gain

B. Market Analytics

Table 117. Indian Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 118. Indian Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 119. Indian Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 120. Indian Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

5C.AUSTRALI

A. Market Analysis

A Brief Overview of the Australian Wind Energy Market

Huge Prospects Lie Within

Major Challenges

Potential Opportunities

Key Wind Energy Projects in Australia: 2001 - 2009

Industry Structure

Outlook

Pacific Hydro Pty Ltd – A Key Player

B. Market Analytics

Table 121. Australian Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 122. Australian Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 123. Australian Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 124. Australian Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

5D.REST OF ASIA-PACIFIC

A. Market Analysis

New Zealand

Table 125. Operating Wind Farms in New Zealand (2009) (includes corresponding Graph/Chart)

B. Market Analytics

Table 126. Rest of Asia-Pacific Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 127. Rest of Asia-Pacific Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 128. Rest of Asia-Pacific Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 129. Rest of Asia-Pacific Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

6.MIDDLE EAST & AFRICA

Market Analytics

Table 130. The Middle East & Africa Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017. (Includes corresponding Graph/Chart)

Table 131. The Middle East & Africa Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 132. The Middle East & Africa Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 133. The Middle East & Africa Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

7.LATIN AMERICA

A. Market Analysis

The Cost Curve

Competition

What Does It Take to Develop the Wind Energy Market in Latin America?

Brazil

Table 134. Leading Wind Farms in Brazil (2009): Breakdown By Capacity Installations (In MW) (includes corresponding Graph/Chart)

Mexico

Table 135. Leading Wind Energy Projects Currently in Operation in Mexico (2009) (includes corresponding Graph/Chart)

Table 136. leading Wind Energy Projects Under Construction in Mexico (2009) (includes corresponding Graph/Chart)

B. Market Analytics

Table 137. Latin American Recent Past, Current & Future Analysis of Installed Wind Energy Capacity in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 138. Latin American Recent Past, Current & Future Analysis of Wind Energy Capacity Additions in Megawatts for the Years 2009 through 2017 (includes corresponding Graph/Chart)

Table 139. Latin American Historic Review of Installed Wind Energy Capacity in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

Table 140. Latin American Historic Review of Wind Energy Capacity Additions in Megawatts for the Years 2003 through 2008 (includes corresponding Graph/Chart)

IV. COMPETITIVE LANDSCAPE

Total Companies Profiled: 156 (including Divisions/Subsidiaries - 191)

Region/Country

The United States

Canada

Japan

Europe

France

Germany

The United Kingdom

Italy

Spain

Rest of Europe

Asia-Pacific (Excluding Japan)

I would like to order

Product name: Wind Energy: Market Research Report

Product link: <https://marketpublishers.com/r/W7AE32A913FEN.html>

Price: US\$ 4,500.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:
