Abstracts

AGL Energy Ltd - Power Plants and SWOT Analysis, 2017 Update

Summary

The report contains a detailed description of the power generation company's business operations, history, corporate strategy, and business structure. This report contains a detailed SWOT analysis, information on key employees (executives), and major products and services.

Scope

Major Power Plants (assets) - summarized and detailed information about the power plants (assets).

Operational Metrics (capacity, generation, revenue, sales, number of consumers).

Business description - A detailed description of the company's operations and business divisions.

Corporate strategy - GlobalData's summarization of the company's business strategy.

SWOT analysis - A detailed analysis of the company's strengths, weakness, opportunities and threats.

Company history - Progression of key events associated with the company.

Major products and services - A list of major products, services and brands

Key employees - A list of the key executives and personnel heading key departments/functions.

Executive biographies - A brief summary of the executives' employment history.

Financial deals - Coverage of key financial deals from 2006 onwards, depending upon information availability

Important locations and subsidiaries - A list of key locations and subsidiaries of the company, including contact details.

Note: Some sections may be missing if data is unavailable for the company.

Reasons to buy

Gain key insights into the company for academic or business research purposes. Key elements such as SWOT analysis, corporate strategy and major products and services are incorporated in the profile to assist in various business decisions (M&A and JV).

Identify potential customers and suppliers with this report's analysis of the company's business structure, operations, major products and services and business strategy.

Understand and respond to competitors' business structure and strategies with GlobalData's detailed SWOT analysis. In this, the company's core strengths, weaknesses, opportunities and threats are analyzed, providing an up to date objective view of the company.

AGL Energy Ltd, Deals Summary

AGL Energy Ltd, Power, Deal Details

Asset Transactions

AGL Energy to Invest USD220.2 Million in Barker Inlet Power Station in Adelaide, Australia

AGL Energy Acquires 14.03% Stake In Loy Yang A Coal Fired Power Plant In Victoria, Australia From Ratch-Australia For US\$122.1 Million

AGL Energy Acquires Additional 67.5% Stake In Great Energy From TEPCO For US\$478 Million In Victoria

AGL Energy Completes Acquisition of Silverton Wind Farm in New South Wales, Australia from EPURON and Macquarie Capital Wind Fund

AGL Energy Invests Completes Project Financing for Nyngan Solar Power Project in New South Wales, Australia

AGL Energy Completes Project Financing for Broken Hill Solar Power Project in New South Wales, Australia

Meridian Energy And Macarthur Wind Farm Completes Project Financing Of US\$480.6 Million For Refinancing Macarthur Wind Farm In Australia

Meridian Energy And AGL Energy Complete Project Financing Of US\$410 Million For Macarthur Wind Power Project In Australia

AGL Energy Receives Grant Of US\$128.3 Million For Two Solar Power Projects In New South Wales, Australia

Venture Financing

Advanced Microgrid Solutions Raises USD34 Million in Series B Round of Financing

Solar Analytics Raises USD3.3 Million in Series A Financing

Sunverge Energy Raises USD36.5 Million in Series C Venture Financing

Partnerships

QIC Enters into Partnership with AGL

Equity Offering

AGL Energy Raises USD1 Billion in Rights Offering Of Shares

Torrens Energy Announces Private Placement Of Shares For Up To US\$3 Million

Torrens Energy Completes Private Placement Of Shares For US\$0.6 Million

AGL Energy Completes Private Placement Of Shares For US\$48 Million

AGL Energy Completes Institutional Entitlement Offering Of Shares For US\$357 Million

Australian Power And Gas Company Completes Private Placement For US\$5.3 Million

Debt Offering

AGL Energy Prices Public Offering of 5% Notes Due 2021 for USD531.8 Million

AGL Energy Completes Public Offering Of Notes Due 2039 For US\$695 Million

Asset Transactions

Powering Australian Renewables Fund Acquires Coopers Gap Wind Farm Project in Brisbane, Australia from AGL Energy for USD17.3 Million

Powering Australian Renewables Fund Completes Project Financing for Acquisition of Silvertown Wind Farm in Australia from AGL Energy for USD27.17 Million

Powering Australian Renewables Fund Completes Project Financing for Acquisition of Nyngan and Broken Hill Solar Power Plants in Australia, from AGL Energy for USD193.8 Million

APA Completes Acquisition of Remaining 50% Stake in Diamantina and Leichhardt Gas Fired Power Stations in Australia from AGL Energy for USD151 Million

H.R.L. Morrison Completes Acquisition of 50% Stake in Macarthur Wind Farm in Western Victoria, Australia from AGL Energy for USD416.2 Million

Eurus Energy Acquires Hallett 5 Wind Farm From AGL Energy For US\$174.4 Million In Australia

AGL Energy To Sell Oaklands Hill Wind Power Project

Acquisition

Ausgrid to Acquire Active Stream from AGL Energy

AGL Energy Completes Acquisition of Acquire Macquarie Generation for USD1.3 Billion

AGL Energy Completes Acquisition Of 98.18% Stake In Australian Power & Gas Company

Nippon Gas Acquires 6% Stake In Australian Power and Gas Company
