Abstracts

SUMMARY

Strategic Defence Intelligence's 'Aircelle: Aerospace and Defense - Company Profile and SWOT Analysis' contains in depth information and data about the company and its operations. The profile contains a company overview, key facts, major products and services, SWOT analysis, business description, company history, recent developments, key employees as well as company locations and subsidiaries.

KEY FINDINGS

This report is a crucial resource for industry executives and anyone looking to access key information about 'Aircelle'

The report utilizes a wide range of primary and secondary sources, which are analyzed and presented in a consistent and easily accessible format. Strategic Defence Intelligence strictly follows a standardized research methodology to ensure high levels of data quality and these characteristics guarantee a unique report.

SYNOPSIS

Aircelle is a leading nacelle integrator present in all market segments ranging from business and regional jets to middle and long range aircraft. The company designs, develops and manufactures small nacelles, thrust reversor system, S-duct, composite engine parts and aero structures. Its aero structures portfolio includes upper-deck cowlings and exhaust deflectors for helicopter. It supplies lightweight structures comprising main and nose landing gear doors for the Airbus. Aircelle also provides

spare parts, repair and overhaul services. Additionally, it manufactures all types of jet engine components for civil powerplants for aircraft engine manufacturer including Pratt and Whitney and Rolls-Royce. Its customers include Bombardier Aerospace, Honeywell, Boeing, Airbus, BAE Systems, Pratt and Whitney and Rolls Royce. It operates as a subsidiary of Safran SA (Safran). Aircelle is headquartered in Gonfreville-l'Orcher, France.

This business intelligence report presents the key company information, essential to understanding industry challenges and competitors.

The SWOT analysis identifies the company's strengths, weaknesses, opportunities for growth and threats. The key competitors are dissected alongside the larger challenges that the industry is facing.

The company profile relays all current information about the business operations, including key employees, major products and services, company history, locations and subsidiaries alongside a supporting statement from the Chairman and Managing Director.

REASONS TO BUY

Quickly enhance your understanding of 'Aircelle'

Gain insight into the marketplace and a better understanding of internal and external factors which could impact the industry.

Increase business/sales activities by understanding your competitors' businesses better.

Recognize potential partnerships and suppliers.
