KEY HIGHLIGHTS

Aerosonic Corporation (Aerosonic) designs and manufactures aircraft instrumentation, air data sensing and air data test equipment, used for both primary flight data and standby redundant instrumentation in cockpits. The company's product portfolio includes mechanical and digital altimeters, airspeed indicators, rate of climb indicators, microprocessor controlled air data test sets, flight instrumentation, angle of attack stall warning systems, integrated multifunction probes, integrated air data sensors and other aircraft sensors and monitoring systems. The company supplies these instruments to the original equipment manufacturers (OEMs) of military and commercial aircraft through its global network across North America, Europe and the Far East. Its major clientele primarily includes the US government and OEMs such as manufacturers of corporate and private jets and contractors of military jets. Aerosonic is headquartered in Clearwater, Florida, the US.
