Gain insight into the marketplace and a better understanding of internal and external factors which could impact the industry.

Increase business/sales activities by understanding your competitors' businesses better.

Recognize potential partnerships and suppliers.

## **KEY HIGHLIGHTS**

Arafura Resources Limited (Arafura) is a rare earth metals mining and exploration company. It is involved in exploration and development of various mineral sources including rare earths, phosphate, uranium, iron, vanadium and gold. It primarily focuses on Nolans Rare Earths project which includes a proposed rare earths mine and processing operation near Aileron, in Central Australia. The company also owns other exploration projects including Aileron-Reynolds project and Jervois project. The company's rare earth products are used in magnetic, optical, catalytic and electronic applications in key growth sectors such as clean energy technology, automotive technology, and electronics and communications. They are also used in the oil refining, healthcare, lighting, industrial and aerospace sectors. Arafura is headquartered in Perth, Australia.
