Important locations and subsidiaries – A list of key locations and subsidiaries of the company, including contact details.

## Highlights

Arkansas Electric Cooperative Corporation (AECC) is a not-for-profit electric utility. It produces, procures and transmits electricity. The cooperative generates electricity using natural gas, oil and hydro sources. AECC also holds interests in coal-based power plants in Arkansas. Under power purchase agreements, it sources hydroelectric energy from the Southwestern Power Administration and other entities who produce electricity using wind, biomass and solar energy. The cooperative also assists its customers to preserve resources and manage energy costs; and provides energy audits and saving tips. It transmits electricity to its distribution cooperatives and third parties on wholesale basis. AECC is headquartered in Little Rock, Arkansas, the US.
