Key operational heads – A list of personnel heading key departments/functions.

Important locations and subsidiaries – A list of key locations and subsidiaries of the company, including contact details.

Highlights

Associated Electric Cooperative Inc (AECI) is a non-profit electric utility. It generates, procures, and transmits electricity. The company produces energy using natural gas, coal, hydro and wind sources. Through long-term wind power purchase agreements, AECI procures power from other utilities, primarily wind farms in Missouri. It also sources hydropower from federal dams in Oklahoma, Missouri, and Arkansas. Along with its generation and transmission (G&T) member customers, AECI constructs and maintains transmission facilities. It sells electricity to distribution cooperatives, G&T members and its associated and member-owners in Missouri, southern Iowa, and northeast Oklahoma on wholesale basis. AECI is headquartered in Springfield, Missouri, the US.

Associated Electric Cooperative Inc Key Recent Developments

Feb 12,2021: Southeast electric providers submit filing with FERC for proposed advanced bilateral market platform

Sep 24,2020: Tenaska Clear Creek Wind farm announces college scholarship program
