Highlights

Atomic Energy of Canada Ltd (AECL) is a federal Crown corporation. It implements nuclear science and technology, and manages Canada's radioactive waste and decommissioning activities. Through long-term contracts with the private-sector for the management and operation of its sites, the company delivers its mandate. AECL receives federal funding to deliver on its mandate and reports to Parliament. It oversees the delivery of the Federal Nuclear Science and Technology Work Plan to support the government's priorities and responsibilities in various areas such as nuclear safety, non-proliferation, counter-terrorism, security, energy, health, environmental protection, and emergency response. AECL is headquartered in Chalk River, Ontario, Canada.
